X- Other [please explain]: Benefit Specialists will manually issue a supplement to eligible new SNAP applicants in April and May 2020, to bring the household up to the maximum monthly allotment. The supplements will be issued at the time of approval of the initial application.

In subsequent months, emergency allotments should be provided in accordance with the State's regular issuance schedule. If a State wants to use a different schedule, explain:

Supplements for May 2020 will be issued with the regular benefit issuance based on client's last name over a four (4) day period as follows:

- (1) A-D – issuance date is the 1st;
- (2) E-K – issuance date is the 2nd;
- (3) L-R – issuance date is the 3rd; and

The State may provide the emergency allotment(s) without contacting the household. While individual notification is not required, States should notify clients consistent with SNAP requirements for mass changes, including notice that emergency allotments will be issued for up to 2 months. Should this schedule change and additional months are approved during the public health emergency, the State will provide a subsequent mass change notice at that time.
