### FINAL AGENCY DECISION

The U.S. Department of Agriculture (USDA), Food and Nutrition Service (FNS) finds that there is sufficient evidence to support the determination by the Office of Retailer Operations and Compliance to impose a permanent disqualification against Los Patrones Market ("Appellant") from participating as an authorized retailer in the Supplemental Nutrition Assistance Program (SNAP).

#### **ISSUE**

The purpose of this review is to determine whether the Office of Retailer Operations and Compliance took appropriate action, consistent with Title 7 of Code of Federal Regulations (CFR) § 278.6(e)(1)(i) in its administration of SNAP when it imposed a Permanent Disqualification against Appellant on January 8, 2021.

#### **AUTHORITY**

According to 7 U.S.C. § 2023 and its implementing regulations at 7 CFR § 279.1, "A food retailer or wholesale food concern aggrieved by administrative action under § 278.1, § 278.6 or § 278.7 . . . may . . . file a written request for review of the administrative action with FNS."

#### **CASE CHRONOLOGY**

The USDA conducted an investigation Appellant's compliance with federal SNAP law and regulations during the period of May 31, 2013 through July 12, 2013. The investigation reported that personnel at Appellant accepted a total 5 U.S.C. § 552 (b)(6) & (b)(7)(C) in goods purchased with SNAP benefits in exchange for cash (trafficking) in the amount 5 U.S.C. § 552 (b)(6) & (b)(7)(C) on one occasion and 5 U.S.C. § 552 (b)(6) & (b)(7)(C) on another occasion. The investigation revealed that two unidentified clerks were involved in the impermissible transactions.

As a result of evidence compiled from this investigation, the Office of Retailer Operations and Compliance informed Appellant, in a letter dated July 26, 2018, that its firm was charged with violating the terms and conditions of the SNAP regulations, 7 CFR § 278.6(e)(1). This letter stated, in part, "As provided by Section 278.6(e)(1) of the SNAP regulations, the sanction for trafficking . . . is permanent disqualification." The letter also states that "under certain conditions, FNS may impose a civil money penalty (CMP) . . . in lieu of a permanent disqualification of a firm for trafficking."

Appellant replied to the charges in a subsequent letter to the Office of Retailer Operations and Compliance. The record reflects that the Office of Retailer Operations and Compliance received and considered this information prior to making a determination.

The Office of Retailer Operations and Compliance notified Appellant in a letter dated January 8, 2021 that the firm was being permanently disqualified from participation as an authorized retailer in SNAP in accordance with Section 278.6 (c) and 278.6(e)(1) for trafficking violations. This determination letter also stated that Appellant's eligibility for a trafficking civil money penalty (CMP) according to the terms of Section 278.6(i) of the SNAP regulations was considered. However, the letter stated to Appellant that ". . . you are not eligible for the CMP because you failed to submit sufficient evidence to demonstrate that your firm had established and implemented an effective compliance policy and program to prevent violations of the Supplemental Nutrition Assistance Program."

On January 11, 2021, Appellant appealed the Office of Retailer Operations and Compliance's assessment and requested an administrative review of this action. The appeal was granted.

#### STANDARD OF REVIEW

In an appeal of an adverse action, Appellant bears the burden of proving by a preponderance of evidence that the administrative action should be reversed. That means Appellant has the burden of providing relevant evidence that a reasonable mind, considering the record as a whole, would accept as sufficient to support a conclusion that the argument asserted is more likely to be true than untrue.

#### **CONTROLLING LAW**

The controlling law in this matter is contained in the Food and Nutrition Act of 2008, as amended (7 U.S.C. § 2021), and implemented through regulation under Title 7 CFR Part 278. In particular, 7 CFR § 278.6(e)(1)(i) establishes the authority upon which a permanent disqualification may be imposed against a retail food store or wholesale food concern in the event that personnel of the firm have engaged in trafficking of SNAP benefits.

7 CFR § 278.6(e)(1)(i) reads, in part:

FNS shall . . . . [d]isqualify a firm permanently if . . . personnel of the firm have trafficked as defined in § 271.2.

Trafficking is defined, in part, in 7 CFR § 271.2, as "the buying or selling of [SNAP benefits] or other benefit instruments for cash or consideration other than eligible food."

#### APPELLANT'S CONTENTIONS

Appellant's responses regarding this matter are essentially as follows:

- Appellant denies the allegations.
- The standard of review imposes a nearly impossible burden on Appellant.
- Appellant requests a hardship CMP. Disqualification would pose a hardship to SNAP participants who rely on the firm.
- Appellant requests a trafficking CMP. Appellant described its compliance program.
- The clerks who were approached to engage in indirect trafficking rejected trafficking attempts.
- There was no recording provided to Appellant that supports that the conversations alleged by the investigator actually occurred.
- The clerks speak little English.
- Appellant cited case law stating that a retailer cannot be denied due process or subjected to an arbitrary or capricious penalty.

These explanations may represent only a brief summary of Appellant's contentions. However, in reaching a decision, full consideration has been given to all contentions presented, including any others that have not been specifically listed here.

### ANALYSIS AND FINDINGS

As to Appellant's denial of violations, this review examines the relevant information regarding the determination. Once the Office of Retailer Operations and Compliance establishes a violation occurred, Appellant bears the burden of providing relevant evidence to support a conclusion, considering the record as a whole, that that the permanent disqualification should be reversed. If this is not demonstrated, the case will be sustained. Appellant argues this standard of review imposes a nearly impossible burden on Appellant. Nevertheless, without supporting evidence and rationale, assertions that the firm has not violated program rules do not constitute valid grounds for overturning the determination.

### **Indirect Trafficking**

Appellant is correct that trafficking (exchanging SNAP benefits for money) was rejected on two occasions. However, the investigation report shows the same two store employees were involved in the indirect trafficking (exchanging goods purchased with SNAP benefits for money) violations. Further, the report indicates that both times that indirect trafficking was attempted, it was permitted by store personnel. There is no evidence in support of Appellant's assertion that the conversations did not occur because there it did not receive a recording of these conversations.

Appellant contends the clerks speak little English. The investigative report indicates only that one of the clerks not involved in the indirect trafficking transactions speaks little English. While one of the clerks involved in the transactions used an informal term of endearment ("5 U.S.C. § 552 (b)(6) & (b)(7)(C)"), the other details regarding the investigator's interaction with the clerk does not indicate this clerk speaks limited English.

## No Undue Hardship to SNAP Participants

Appellant asserts that disqualification would be a hardship to SNAP households who rely on the store. Some degree of inconvenience to SNAP benefit users is inherent in the disqualification from SNAP of any participating food store, since the normal shopping pattern of such SNAP participants may be changed due to the disqualification. Section 278.6(f)(1) of SNAP regulations provides for Civil Money Penalty (CMP) assessments in lieu of disqualification in cases where disqualification would cause "hardship" to SNAP households because of the unavailability of a comparable participating retail food store in the area to meet their needs. However, this regulation also sets forth the following specific exception: "A CMP for hardship to SNAP households may not be imposed in lieu of a permanent disqualification." Because the matter at hand involves a permanent disqualification, this CMP provision is not applicable.

#### **CIVIL MONEY PENALTY**

Appellant requested a civil money penalty (CMP) contending that it had established and implemented an effective compliance policy and program to prevent SNAP violations. According to 7 CFR § 278.6(i) of the SNAP regulations, FNS may impose a CMP in lieu of permanent disqualification for trafficking.

For an Appellant's request for a CMP to be considered, the regulations at 7 CFR § 278.6(b)(2) require that Appellant submit supporting documentation within ten days of receipt of the charge letter. Appellant was advised of this provision in the charge letter of July 26, 2018. A review of the administrative record indicates Appellant did not submit documentation to support its eligibility for this alternative sanction by this deadline.

7 CFR § 278.6(i) sets forth the eligibility requirements for a CMP:

The firm shall, at a minimum, establish by substantial evidence its fulfillment of each of the following criteria:

Criterion 1: The firm shall have developed an effective compliance policy as specified in Section 278.6(i)(1); and,

Criterion 2: The firm shall establish that both its compliance policy and program were in operation at the location where the violation(s) occurred prior to the occurrence of violations cited in the charge letter sent to the firm; and,

Criterion 3: The firm had developed and instituted an effective personnel training program as specified in Section 278.6(i)(2); and,

Criterion 4: Firm ownership was not aware of, did not approve, did not benefit from, or was not in any way involved in the conduct or approval of trafficking violations; or it is the first occasion in which a member of firm management was aware of, approved,

benefited from, or was involved in the conduct of any trafficking violations by the firm . .

Appellant did not provide any documents in support of its contention that it is eligible for a CMP.

The standards of eligibility for a trafficking CMP are high. They require substantial proof that a compliance policy and program was established and implemented prior to the occurrence of violations. These standards exist to thwart attempts to falsely present compliance policies and programs that were not actually implemented prior to violations. As Appellant did not provide the required supporting documentation, the Office of Retailer Operations and Compliance did not assess a CMP. According to the requirements stated in 7 CFR § 278.6(b)(1), § 278.6(b)(2)(ii and iii), and § 278.6(i), Appellant is not eligible for a CMP in lieu of a permanent disqualification from participation as an authorized retailer in SNAP. The determination by the Office of Retailer Operations and Compliance to deny Appellant a civil money penalty is sustained.

In short, the various statements made by Appellant is not "substantial evidence" that fulfills each of the four criteria of 7 CFR § 278.6(i). As a result, Appellant failed to demonstrate "that the firm had established and implemented an effective compliance policy and program to prevent violations."

The standards of eligibility for a trafficking CMP are high. They require substantial proof that a compliance policy and program was established and implemented prior to the occurrence of violations. These standards exist to thwart attempts to falsely present compliance policies and programs that were not actually implemented prior to violations. Although these standards are high, they are required by the regulations and Appellant must be held to them during the course of this review.

The size of a firm, or its number of personnel, is not a consideration in determining eligibility for a civil money penalty in lieu of permanent disqualification for trafficking. It might require significant effort to develop and maintain a compliance policy and program. Yet, even substantial effort does not lesson the consequences if the firm fails to meet the requirements. As noted, the criteria for eligibility for a civil money penalty in lieu of permanent disqualification are clearly stated as minimum standards below which eligibility is precluded.

As Appellant did not provide the required supporting documentation, the Office of Retailer Operations and Compliance did not assess a CMP. According to the requirements stated in 7 CFR § 278.6(b)(1), § 278.6(b)(2)(ii and iii), and § 278.6(i), Appellant is not eligible for a CMP in lieu of a permanent disqualification from participation as an authorized retailer in SNAP. The determination by the Office of Retailer Operations and Compliance to deny Appellant a civil money penalty is sustained.

#### CONCLUSION

Based on a review of the evidence, it appears that the program violations at issue did, in fact, occur as charged. As noted previously, the charges of violations are based on the findings of a formal USDA investigation. All transactions cited in the letter of charges were conducted under the supervision of a USDA investigator and all are fully documented. A review of this documentation has yielded no indication of error or discrepancy in any of the reported findings. There is no evidence to support Appellant was denied due process or subjected to an arbitrary or capricious penalty, as Appellant implied. Rather, the investigative record is specific and accurate with regard to the dates of the violations, the specific exchanges of SNAP benefits for cash, and in all other critically pertinent detail.

Based on the discussion above, the determination by the Office of Retailer Operations and Compliance to impose a permanent disqualification against Los Patrones Market from participating as an authorized retailer in SNAP is sustained.
