2024-FNS-02213-F	01/26/2024	Ingrams, A.	<p>To Whom It May Concern,</p> <p>I would like to access the public comments submitted as part of the FNS's regulatory proposal in the docket number FNS-2018-0004-5999.</p> <p>As part of the proposed rule, 'Supplemental Nutrition Assistance Program: Requirements and Services for Able-Bodied Adults without Dependents' the FNS invited public comments in 2018.</p> <p>According to the docket information on regulations.gov, there were 97,114 public comments received. However, only 10,560 were made public on regulations.gov. That means that 86,554 public comments are missing.</p> <p>I understand that there are often good reasons for withholding some comments (e.g., duplicate comments, silly comments, obscene comments etc). However, I would like to see the original missing comments to understand better what those comments contained. I am a U.S. citizen but I currently work at Leiden University in the Netherlands where I am carrying out research on the regulatory public comments process in the US federal government.</p> <p>I would be grateful if you could share the public comments with me in an electronic file such as a PDF or an excel document. If preferable, I can also receive hard copies of the files to my address in the United States that I include with this FOI request. I do not need to receive all 97,114 of the comments but just the missing 86,554. If is not possible to separate the 86,554 from the total then I would also happily receive the total number of comments.</p> <p>For your information, I have also submitted separate FOI requests for missing public comments associated with the docket FNS-2018-0037-0001.</p>

2024-FNS-03261-F	03/08/2024	Wang, Y.	I am writing to inquire about the availability of historical data for the WIC program. Upon reviewing the "Monthly Data – State Level Participation by Category and Program Costs" section on the FNS website, I found downloadable Excel sheets for the years 2020 through 2024, which have been immensely beneficial to my research. However, I am seeking similar data for the years 2006 through 2019 to enrich my analysis.

2024-FNS-03296-F	03/13/2024	Cai, L.	During my research, I came across the USDA "School Nutrition and Meal Cost Study" (https://www.fns.usda.gov/school-nutrition-and-meal-cost-study). Volume 4 of the study collected plate waste data in 170 schools participating in the NSLP within 57 SFAs during 2014-2015. I am interested in knowing whether the sample includes both CEP and non-CEP schools. If so, would it be possible to provide me with access to the food waste data for my dissertation research?
