FY 2022 data are preliminary; all data are subject to revision; data may include disaster assistance.

*Due to the partial Federal government shutdown, most of the February 2019 SNAP benefits were issued early in the month of January 2019. This was done to ensure SNAP recipients would receive their February 2019 benefits in a timely manner. February's data reflects the participation and issuance that was not part of the early issuance. As a result, March 2019's participation & benefits will show a significant increase over the previous month.
