<p>*NSA = Nutrition Service and Administrative costs. Approximately two-thirds of total costs are used to provide nutrition education, breastfeeding promotion and support, and linkages to health and other client services (e.g., immunization; drug, alcohol and tobacco education; referrals to family and child health social programs). The remaining third is used for traditional management functions.</p> <p>The annual average food cost is the benefit per month.</p>							
<p><b>FY 2025 data are preliminary; all numbers are subject to revision.</b></p>
