*The submission of a P-EBT state plan, associated template and related reporting obligations are addressed in OMB# 0584-0660. This emergency information collection (IC) will be replaced by a full IC package to be submitted to OMB for approval prior to its expiration date of 8/31/21. All components of this summer 2021 P-EBT package will be addressed in the full IC package.*

**Amendment to Approved State Plan for Pandemic EBT  
Children in School and/or Child Care, Summer 2021**

1. **State:** Connecticut
2. **Primary Citation:** Families First Coronavirus Response Act (FFCRA) as amended by the American Rescue Plan Act of 2021
3. **Here's what FNS needs from you:**
  - a. If a State chooses to elect the U.S. standard benefit<sup>1</sup>, simply check the box below. Next, go to letter 'c' (*Estimated total amount of P-EBT benefits*) of the template.

*By checking this box, we are indicating that our State will use the U.S. standard benefit for the covered summer period.*

- b. If a State chooses not to elect the U.S. standard benefit, FNS needs the following information:
  - The number of days for which benefits will be issued as part of the State's covered summer period; and
  - An explanation for how the State arrived at the number of days in the State's covered summer period. USDA will not approve a plan that does not tie the length of its covered summer period to the actual summer 2021 calendars of an enrollment-weighted average, or the median, of a representative sample of its school districts.

---

<sup>1</sup> The U.S. standard benefit – as defined in Question #5 of FNS' Q&A document titled, "Summer P-EBT Q&A" – is equal to the median number of weekdays in the sampled school districts multiplied by the daily P-EBT rate. For States in the continental U.S., that works out to a fixed summer benefit of \$375 per eligible child (55 days at \$6.82 per day). The U.S. standard benefit is higher for Alaska, Hawaii, and the territories; see Q/A #14 for a complete set of standard benefit amounts.

- c. Estimated total amount of P-EBT benefits the State will issue within this amendment’s date range. (Consult the appropriate table in Section 4, “Benefit Levels.”)
  - Estimated amount issued to school children
    - $290,000 \times \$375.00 = \$108,750,000.00$
  - Estimated amount issued to non-school children in child care
    - $43,000 \times \$375.00 = \$16,125,000.00$
  
- d. Estimated total number of children to which the State will issue P-EBT benefits.
  - Estimated number of school children: 290,000
  - Estimated number of non-school children in child care: 43,000
  
- e. Tentative P-EBT issuance schedule (the dates on which Summer P-EBT benefits will be issued). Note that USDA encourages States to distribute summer benefits in two or even three issuances across the summer, to the extent practical.
  - School children
    - 9/18/2021 for those receiving SNAP/TANF/Medicaid from DSS
    - 9/25/2021 for those not receiving benefits from DSS
  - Children in child care
    - 9/18/2021
  
- f. Describe how the State will identify eligible school children and children in child care for summer P-EBT. You must address each of the following bulleted items, below, when responding.

**For school-aged children:**

- Describe how the State will identify school children who received P-EBT benefits during the last month of SY 20-21.
  
- Describe how the State will identify school children who were eligible for free or reduced price school meals under the NSLP and SBP in SY 20-21 but did not receive P-EBT benefits in the last month of the school year because they attended school in-person and benefitted from a free or reduced price meal service at school. This includes children who were eligible for F/RP meals during the school year and did not receive P-EBT benefits because the children attended school in-person during the school year.

- Describe how the State will identify children who are determined newly eligible for free or reduced price school meals during the covered summer period. States must provide an opportunity for families to apply for free or reduced price meals using the normal application process. States and SFAs should consider maintaining a minimum presence to process Free and Reduced Price Meal applications, perhaps on a part-time or weekly basis. Another alternative is for SFAs to accept new Free and Reduced Price Meal applications during the summer but only process them after the start of the new school year. Children determined eligible on applications *submitted prior to the end of the summer* could then be issued P-EBT benefits retroactively after the start of the new school year. (Note that it is preferable to process applications and issue benefits during the summer period that the benefits are intended to cover).

**For children in child care:**

- Describe how the State will identify SNAP-enrolled children who received P-EBT child care benefits in the last month of the school year.
- Describe how the State will identify SNAP-enrolled children who would have received P-EBT child care benefits in the last month of the school year, but did not receive benefits because their child care facility was not closed or operating at reduced attendance or hours in that month, and neither their child care facility nor the child’s residence was in the area of a school that was closed or operating at reduced attendance or hours in that month.
- Describe how the State will identify children who are part of a SNAP household who are newly eligible for P-EBT child care benefits during the covered summer period

**For school-aged children:**

The Department of Social Services (DSS) will receive 3 lists from the Connecticut State Department of Education (CSDE) of all students eligible to receive free and reduced-price school meals derived from its Public School Information System (PSIS) statewide database. The PSIS system is able to generate lists of students eligible for free or reduced-price school meals, inclusive of all students in schools participating in the Community Eligibility Provision, without including learning model data as an eligibility criterion. These lists will be generated in the period after the closure of the 2020 – 2021 school year and before the Direct Certification reset on July 1, 2021 for the 2021-2022 school year. The first list will contain students directly certified for free or reduced-price school meals, while the second list will contain all other eligible students and will exclude those who no longer reside in CT, who are incarcerated, or who have passed away.

The CSDE will instruct school districts they must continue to accept National School Lunch Program (NSLP) applications through the end of the current school year through September 2,

2021. The third list DSS will receive from CSDE will contain the students determined eligible for free or reduced-price school meals through income eligibility applications submitted prior to the end of the summer.

**For children in child care:**

The state’s approved P-EBT plan deems all child care centers statewide to have reduced hours and attendance, therefore all children 0-5 identified in our ImpaCT eligibility system who are part of an active SNAP household for the months of June – August will receive P-EBT summer benefits following the state’s current issuance model.

**4. Benefit Levels**

**A. U.S. standard Benefit**

2021 Covered Summer Period	U.S. Standard P-EBT Benefit		
	Median Length of Covered Summer Period (weekdays)	Daily P-EBT Rate	Standard Benefit
Contiguous U.S.	55	\$6.82	<b>\$375</b>
Alaska	55	10.99	<b>604</b>
Hawaii, Guam, Virgin Islands, Puerto Rico	55	7.97	<b>438</b>

**B. State-Determined Benefit, Based on Daily Rate**

Note: The daily benefit amount – \$6.82 – is only needed if a State elects to set its own covered summer period length; that is to say, if a State declines to use the U.S. standard benefit.

2021 Covered Summer Period	Free Reimbursements			
	Lunch	Breakfast	Snack	Daily Total
Contiguous U.S.	\$3.60	\$2.26	\$0.96	<b>\$6.82</b>
Alaska	5.79	3.64	1.56	<b>10.99</b>
Hawaii, Guam, Virgin Islands, Puerto Rico	4.20	2.64	1.13	<b>7.97</b>

**Notes:**

1. Lunch rates include the 7 cent performance-based reimbursement and the extra 2 cents per meal received by school food authorities in which 60 percent or more of the lunches served during the second preceding school year were served free or at a reduced price.

2. Breakfast rates are those received by "severe need" schools.

3. Snack rates are those for afterschool snacks served in afterschool care programs

**Civil Rights Statement**

The State will continue to comply with civil rights requirements, to include providing equal access to individuals with disabilities and individuals who are limited English proficient.

**Administration of State P-EBT Plan**

The State will administer P-EBT according to the terms of its approved State plan. In general, conditions related to benefit issuance reporting, administrative funding, and release of information remain in effect for the covered summer period. If the State wishes to change any of the terms of its plan, the State shall first notify USDA and will, if requested by USDA, submit a plan amendment for USDA review and approval.

**Reminder**

If the State needs to make any significant changes to its Summer 2021 plan after approval, the State needs to submit an amendment to FNS that describes the change and its impact on operating summer P-EBT. USDA will review the amendment and approve allowable amendments.
