

**Amendment to Approved State Plan for Pandemic EBT  
Children in School and/or Child Care, Summer 2022**

<b>Issuing Agency/Office:</b>	FNS / Child Nutrition Programs, Supplemental Nutrition Assistance Program
<b>Title of Document:</b>	Amendment to Approved State Plan for Pandemic EBT: Children in School and/or Child Care, Summer 2022
<b>Document ID:</b>	
<b>Z-RIN:</b>	
<b>Date of Issuance:</b>	May 9, 2022
<b>Replaces:</b>	N/A
<b>Summary:</b>	(1) This document is a template to assist States in the development of an amendment to extend their approved State plan to operate Pandemic EBT for school children and for children in child care during summer 2022. (2) This document relates to Section 1101 of the Families First Coronavirus Response Act (P.L. 116-127) as amended by the Continuing Appropriations Act, 2021 and Other Extensions Act (P.L. 116-159), the Consolidated Appropriations Act, 2021 (P.L. 116-260), and the American Rescue Plan Act, 2021 (P.L. 117-2)

*Additional context and background for this document can be found at:*  
<https://www.fns.usda.gov/snap/state-guidance-coronavirus-pandemic-ebt-pebt>

*The submission of a P-EBT state plan, associated template and related reporting obligations are addressed in OMB# 0584-0660, expiration 11/30/2023.*

**Amendment to Approved State Plan for Pandemic EBT  
Children in School and/or Child Care, Summer 2022**

**1. State: Delaware**

**2. Primary Citation:** Families First Coronavirus Response Act (FFCRA) as amended by the American Rescue Plan Act of 2022

**3. Here's what FNS needs from you:**

a. If a State chooses to elect the U.S. standard benefit<sup>1</sup>, simply check the box below. Next, go to letter 'c' (*Estimated total amount of P-EBT benefits*) of the template.

*By checking this box, we are indicating that our State will use the U.S. standard benefit for the covered summer period. We understand that USDA is only able to offer an interim standard benefit for children in child care at this time; USDA will provide states with additional guidance in mid to late June 2022 / early July that specifies the remaining amount of the USDA standard benefit for children in child care commensurate with the expiration date of the public health emergency.*

b. If a State chooses not to elect the U.S. standard benefit, FNS needs the following information:

- The number of days for which benefits will be issued as part of the State's covered summer period; and
- An explanation for how the State arrived at the number of days in the State's covered summer period. USDA will not approve a plan that does not tie the length of its covered summer period to the actual summer 2022 calendars of an enrollment-weighted average, or the median, of a representative sample of its school districts.
- For the child care portion of the plan, USDA can only guarantee benefits through July 9. USDA considers this to be 1/2 through the typical State's covered summer period. For purposes of calculating an interim summer P-EBT benefit for children in child care, States may apply this 1/2 fraction to the full summer benefit that the State has calculated for school children.

---

<sup>1</sup>The U.S. standard benefit – as defined in Question #5 of FNS' Summer 2022 P-EBT Q&As – is equal to the median number of weekdays in a sample of each State's largest school districts multiplied by the daily P-EBT rate. For States in the continental U.S., that works out to a fixed summer benefit of \$391 per eligible child (55 days at \$7.10 per day). The U.S. standard benefit is higher for Alaska, Hawaii, and the territories; see Q/A #15 for a complete set of standard benefit amounts.

- If the State believes that this date is more or less than 1/2 through the typical summer period of the State’s schools, please support your position with data on the most common start dates of the summer break in the State’s schools.
  - As discussed in item #16 of USDA’s P-EBT Summer 2022 Q&As, USDA will provide states with additional guidance by mid to late June / early July that specifies the remaining fraction of the full USDA standard benefit that States may provide to children in child care.
- c. Estimated total amount of P-EBT benefits the State will issue within this amendment’s date range. (Consult the appropriate table in Section 4, “Benefit Levels.”)
- Estimated amount issued to school children: **\$38,239,800.00**
  - Estimated amount issued to non-school children in child care:
    - **Interim P-EBT benefit only: \$2,778,750.00**
    - **Full P-EBT benefit: \$5,571,750.00**
- d. Estimated total number of children to which the State will issue P-EBT benefits.
- Estimated number of school children: **97,800**
  - Estimated number of non-school children in child care: **14,250**

**Delaware’s estimated total number of children is based on Summer 2021 P-EBT issuance data, and accounts for newly eligible children during the Summer 2022 P-EBT period.**

- e. Tentative P-EBT issuance schedule (the dates on which Summer P-EBT benefits will be issued). Note that USDA encourages States to distribute summer benefits in two or even three issuances across the summer, to the extent practical.
- School children
  - Children in child care
    - Please provide tentative issuance dates for the interim benefit for children in child care, and for any remaining amount that States will be able to issue following the release of additional guidance from USDA in mid to late June / early July.

**Delaware will issue Summer P-EBT benefits in two issuances for school children and children in child care. The issuance schedule below applies to both school children and children in child care.**

<b>Issuance Date</b>	<b>Issuance Amount</b>
<b>August 4, 2022</b>	<b>\$195.00</b>
<b>September 1, 2022</b>	<b>\$196.00</b>

**Delaware will inform FNS of any changes to the Summer P-EBT issuance schedule.**

- f. Describe how the State will identify eligible school children and children in child care for summer P-EBT. You must address each of the following bulleted items, below, when responding.

**For school-aged children:**

- Describe how the State will identify school children who received P-EBT benefits during the last month of SY 21-22.

**Delaware will continue to use the established reporting process between Delaware schools and the Division of Social Services (DSS) to identify children who received P-EBT during the last month of SY 21-22. Each school sends monthly updated eligibility and attendance reports for P-EBT eligible students. Schools will submit their final reports for the school year in June and July 2022.**

- Describe how the State will identify school children who were eligible for free or reduced price school meals under the NSLP and SBP in SY 21-22 but did not receive P-EBT benefits in the last month of the school year because they attended school in-person and benefitted from a free or reduced price meal service at school. This includes children who were eligible for F/RP meals during the school year and did not receive P-EBT benefits because the children attended school in- person during the school year.

**Delaware will use student information supplied by Delaware schools to identify school children who were eligible for free or reduce-price school meals under the NSLP and SBP in SY 21-22 but did not receive P-EBT benefits because they attended school in-person. This information will be compared to the monthly P-EBT eligibility reports to ensure benefits are not duplicated.**

- Describe how the State will identify children who are determined newly eligible for free or reduced price school meals during the covered summer period. States must provide an opportunity for families to apply for free or reduced price meals using the normal application process. States and SFAs should consider maintaining a minimum presence to process Free and Reduced Price Meal applications, perhaps on a part-time or weekly basis. Another alternative is for SFAs to accept new Free and Reduced Price Meal applications during the summer but only process them after the start of the new school year. Children determined eligible on applications *submitted prior to the end of the summer* could then be issued P-EBT benefits retroactively after the start of the new school year. (Note that it is preferable to process applications and issue benefits during the summer period that the benefits are intended to cover).

**Delaware DOE has confirmed that Delaware schools will continue to collect and process school meal applications throughout the covered summer period allowing the State to identify children who are determined newly eligible for free or reduced-price school meals. Any free or reduced-price meal application received**

after the end of the school year through August 26, 2022 (the end of the covered summer period) which is approved will qualify for Summer P-EBT.

**Delaware will highlight the application submission deadline on the State's P-EBT website and in other outreach materials to make it clear that applications received after the August 26<sup>th</sup> deadline will not be eligible for Summer P-EBT.**

**For children in child care:**

- Describe how the State will identify children who are enrolled in SNAP during the covered summer period and who received P-EBT child care benefits in the last month of the school year.

**Delaware will identify children who are enrolled in SNAP and who received P-EBT child care benefits by using the June 2022 Child Care P-EBT benefit issuance data.**

**For each month during the summer period, a query will be run in Delaware's eligibility system to identify Child Care P-EBT eligible children enrolled in SNAP.**

- Describe how the State will identify children who are enrolled in SNAP during the covered summer period and who would have received P-EBT child care benefits in the last month of the school year, but did not receive benefits because their child care facility was not closed or operating at reduced attendance or hours in that month, and neither their child care facility nor the child's residence was in the area of a school that was closed or operating at reduced attendance or hours in that month.

**To determine if child care facilities were operating at a reduced capacity, Delaware is comparing the pre-pandemic Child and Adult Care Food Program (CACFP) lunch claim data with current pandemic CACFP lunch claim data to determine if there was a reduction in attendance and meal accessibility. The reduction in CACFP claims is assessed at a statewide level, meaning all Delaware children who are enrolled in SNAP and under the age of six would receive P-EBT child care benefits in the last month of the school year if allowed based on the CACFP data.**

**For each month during the summer period, a query will be run in Delaware's eligibility system to identify Child Care P-EBT eligible children enrolled in SNAP.**

- Describe how the State will identify children who are part of a SNAP household who are newly eligible for P-EBT child care benefits during the covered summer period.

**Each month, a query will be run in Delaware's eligibility system to identify newly eligible SNAP households with children under six. These individuals will**

**be matched against existing P-EBT benefit issuance data to avoid duplicate Summer P-EBT issuances. A separate query will be run to identify existing SNAP households that have had an increase in the number of children under age six in the household.**

**4. Confirmation of remaining elements in the State’s approved school plan and/or child care plan**

- Please confirm that your P-EBT summer plan mirrors your approved school year 2021-2022 plan for EBT Processing and Benefit Issuance as well as Customer Service (Sections 7 and 8 of the [SY 21-22 State Plan Template for Pandemic EBT](#)). You do not need to describe in detail how you will handle these matters if your summer plan mirrors your approved school year plan(s); but if your summer plan materially differs from your approved school year plan(s), please describe how.

**Delaware confirms that the State’s P-EBT summer plan mirrors the State’s approved school year 2021- 2022 plan for EBT processing and benefit issuance as well as customer service.**

## 5. Benefit Levels

### A. U.S. Standard Benefit

#### Standard Benefit for School Children

2022 Covered Summer Period	U.S. Standard P-EBT Benefit School Children		
	Median Length of Covered Summer Period (weekdays)	Daily P-EBT Rate	Standard Benefit
Contiguous U.S.	55	\$7.10	\$391
Alaska	55	11.44	629
Hawaii, Guam, Virgin Islands, Puerto Rico	55	8.28	455

#### Standard Benefit for Children in Child Care (Interim)

2022 Covered Summer Period	U.S. Standard P-EBT Benefit Children in Child Care (Interim)			
	Median Length of Covered Summer Period (weekdays)	Length of the Summer During the Public Health Emergency	Daily P-EBT Rate	Interim Standard Benefit
Contiguous U.S.	55	1/2	\$7.10	\$195
Alaska	55	1/2	11.44	315
Hawaii, Guam, Virgin Islands, Puerto Rico	55	1/2	8.28	228

#### State-Determined Benefit, Based on Daily Rate

Note: The daily benefit amount – \$7.10 – is only needed if a State elects to set its own covered summer period length; that is to say, if a State declines to use the U.S. standard benefit.

2022 Covered Summer Period	Free Reimbursements			
	Lunch	Breakfast	Snack	Daily Total
Contiguous U.S.	\$3.75	\$2.35	\$1.00	\$7.10
Alaska	6.03	3.78	1.63	11.44
Hawaii, Guam, Virgin Islands, Puerto Rico	4.37	2.74	1.17	8.28

**Notes:**

1. Lunch rates include the 7 cent performance-based reimbursement and the extra 2 cents per meal received by school food authorities in which 60 percent or more of the lunches served during the second preceding school year were served free or at a reduced price.

2. Breakfast rates are those received by "severe need" schools.

3. Snack rates are those for afterschool snacks served in afterschool care programs

## **Civil Rights Statement**

The State will continue to comply with civil rights requirements by not discriminating on the ground of race, color, or national origin, by providing meaningful access to its programs and activities for individuals who are limited English proficient, and by providing equal access to individuals with disabilities.

## **Administration of State P-EBT Plan**

The State will administer P-EBT according to the terms of its approved State plan. In general, conditions related to benefit issuance reporting, administrative funding, and release of information remain in effect for the covered summer period. If the State wishes to change any of the terms of its plan, the State shall first notify USDA and will, if requested by USDA, submit a plan amendment for USDA review and approval.

## **Reminder**

If the State needs to make any significant changes to its Summer 2022 plan after approval, the State needs to submit an amendment to FNS that describes the change and its impact on operating summer P-EBT. USDA will review the amendment and approve allowable amendments.

## **Signatures and Titles of Requesting SNAP and Child Nutrition State Agency Officials:**

---

Signature  
Thomas Hall  
Director, Division of Social Services

**Date of Request: 6/30/2022**
