4. **Regulatory citation:** 7 CFR 273.24
5. **State:** South Dakota
6. **Region:** MPRO
7. **Regulatory requirements:**

Under 7 CFR 273.24(b) individuals are not eligible to participate in the Supplemental Nutrition Assistance Program (SNAP) as a member of any household if the individual received program benefits for more than 3 months during any 3-year period in which the individual was subject to, but did not comply with, the SNAP work requirements. Regulations at 273.24(a) provide that fulfilling the work requirement means: working 20 hours or more per week, averaged monthly; participating in and complying with the requirements of a work program or a workfare program for at least 20 hours per week; or any combination of working and participating in a work program for a total of 20 hours per week.

Under 7 CFR 273.24(f), upon the request of a State agency, the Food and Nutrition Service (FNS) may waive the applicability of the time limit described above for any group of individuals in the State if FNS makes a determination that the area in which the individuals reside does not have a sufficient number of jobs to provide employment for the individuals.
8. **Description of alternative procedures:**

The State of South Dakota is requesting to exempt able-bodied adults without dependents (ABAWDs) in 7 counties and 6 reservations from SNAP time limits at 7 CFR 273.24.
9. **Justification for request:**

Under SNAP regulations at 7 CFR 273.24(f)(2), areas may qualify for an ABAWD time limit waiver if they have insufficient jobs. To support this claim, states may submit evidence that an area is designated as a Labor Surplus Area (LSA) by the Department of Labor's Employment and Training Administration, or that an area has an average unemployment rate for a 24-month time period that is at least 20 percent above the national average for the same 24-month period. 7 CFR 273.24(f)(6) provides that States may define areas to be waived.

The State of South Dakota seeks requests to waive one individual county based on having an average unemployment rate that is at least 20 percent above the national average for the period of May 2022 through April 2024. The national average unemployment rate for this 24-month period was 3.6 percent; 20 percent above this was 4.4 percent. The average unemployment rate for this county is 4.5 percent.
