MEMORANDUM

TO: SNAP State Agencies

FROM: Jessica Shahin, Associate Administrator,
Supplemental Nutrition Assistance Program (SNAP)

DATE: April 21, 2020

The attached is updated guidance to States in implementing Families First Coronavirus Response Act of 2020, which provides for the issuance of additional months of emergency allotments (supplements) based on a public health emergency declaration by the Secretary of Health and Human Services under section 319 of the Public Health Service Act related to an outbreak of COVID-19 when a State has also issued an emergency or disaster declaration.

States should submit information regarding the emergency allotment issuance date(s), and estimated number of impacted households and benefit amount each month. This information should be submitted to the Food and Nutrition Service (FNS) Regional SNAP contact no sooner than the 15th of each month for the subsequent month. States must await FNS acknowledgement before sending the emergency allotment issuance file(s) to their Electronic Benefits Transfer processor.

Please be advised that the contents of this document do not have the force and effect of law and are not meant to bind the public in any way. This document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies. Any questions should be directed to Andrea Gold, Director, Retail Policy and Management Division.

Sincerely,

United States Department of Agriculture (USDA), Food and Nutrition Service (FNS) Month-To-Month Contingent Approval to Continue Issuing Supplemental Nutrition Assistance Program (SNAP) Emergency Allotments (EA) Benefits under the Families First Coronavirus Response Act of 2020

Section 2302(a)(1) of the Families First Coronavirus Response Act of 2020, allows States to request COVID-19 EA "for households participating in the supplemental nutrition assistance program... to address temporary food needs." The State must support its request with sufficient data, as determined through FNS guidance. A household's EA cannot increase the current monthly household SNAP benefit allotment beyond "the applicable maximum monthly allotment for the household size." Accordingly, SNAP households that already receive the maximum monthly allotment for their household size are not eligible for EA.

States that have already received FNS approval for EA issuance in March and April, or April and May, are approved to continue issuing EA benefits each month. This approval to extend these EAs will remain in place until such a time as the Secretary for Health and Human Services rescinds the public health emergency declaration that was issued on January 27, 2020, under section 319 of the Public Health Service Act or the State-issued emergency or disaster declaration expires.

This approval is contingent upon the State submitting the information below to the FNS Region no sooner than the 15th of each month for the subsequent month and awaiting FNS acknowledgement before sending the Emergency Allotment issuance file(s) to their Electronic Benefits Transfer processor.

Prior to each month of EA issuance, the State shall provide the following information to its FNS Regional SNAP contact(s), who will acknowledge receipt:

State/Territory: Guam

- January
1. [2021] EA Issuance date(s): *Please see page 2

(Provide exact dates of planned EA issuance for the month or annotate above if the State will be providing EA benefits in accordance with the State's regular issuance schedule.)

- January
2. [2021] estimate of the number of households and estimated EA amount:
Number of households receiving emergency allotment benefits: 5,902
Amount of emergency allotment benefits issued for one month: \$1,739,687.00

3. Confirmation that one or more of the following conditions exists due to COVID-19. (Check all that apply):
- Residents of the State are confirmed to have contracted COVID-19
 - Some or all areas of the State are containment or quarantine zones
 - Businesses have closed or significantly reduced their hours
 - The State's residents have experienced economic impacts due to job suspensions or losses

- The State's residents have been directed to practice social distancing
- And
- The State's emergency or disaster declaration remains active.

All FNS requirements shall remain the same as listed in the initial State approval.

USDA reserves the right to withdraw or otherwise modify this approval subject to availability of funding.

* January 2021 EA benefits will be processed on January 22, 2021, for the cases that did not receive the maximum allotment. Cases that have an application date of January 2021, will be provided EA benefits through over-the-counter issuances done by the Eligibility Specialists.

Importance: High

Good Morning Annie and Danilo,

Please resubmit the attached EA Extension Request to include the language highlighted below and send it in a new email.

Instead of including the below language –

- “The EA will be processed for all cases that have an application date of July. The issuance for July 17, 2020 will only for the cases that did not received the maximum allotment for the month end processing. Cases that were processed after the month-end processing and until July 2020 will be provided EA through the Over-the-Counter Issuances done by the Eligibility Specialists.”

Please include this language –

- Jan. 2021 EA benefits will be processed on Jan 22, 2021, for the cases that did not receive the maximum allotment. Cases that have an application date of Jan 2021, will be provided EA benefits through over-the counter issuances done by the Eligibility Specialists.

Please send the revised EA Extension Request as soon as possible.

Thank you,
Megan
