

**Amendment to Approved State Plan for Pandemic EBT  
Children in School and/or Child Care, Summer 2021**

<b>Issuing Agency/Office:</b>	FNS / Child Nutrition Programs, Supplemental Nutrition Assistance Program
<b>Title of Document:</b>	Amendment to Approved State Plan for Pandemic EBT: Children in School and Child Care, Summer 2021
<b>Document ID:</b>	
<b>Z-RIN:</b>	
<b>Date of Issuance:</b>	April 29, 2021
<b>Replaces:</b>	N/A
<b>Summary:</b>	(1) This document is a template to assist states in the development of an amendment to extend their approved state plan to operate Pandemic EBT for school children and for children in child care during summer 2021. (2) This document relates to Section 1106 of the Families First Coronavirus Response Act (P.L. 116-127) as amended by the Continuing Appropriations Act, 2021 and Other Extensions Act (P.L. 116-159), the Consolidated Appropriations Act, 2021 (P.L. 116-260), and the American Rescue Plan Act, 2021 (P.L. 117-2)
<b>Disclaimer:</b>	The contents of this guidance document do not have the force and effect of law and are not meant to bind the public in any way. This document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies.

***Additional context and background for this document can be found at:  
<https://www.fns.usda.gov/snap/state-guidance-coronavirus-pandemic-ebt-pebt>***

*The submission of a P-EBT state plan, associated template and related reporting obligations are addressed in OMB# 0584-0660. This emergency information collection (IC) will be replaced by a full IC package to be submitted to OMB for approval prior to its expiration date of 8/31/21. All components of this summer 2021 P-EBT package will be addressed in the full IC package.*

**Amendment to Approved State Plan for Pandemic EBT  
Children in School and/or Child Care, Summer 2021**

1. **State:** North Carolina
2. **Primary Citation:** Families First Coronavirus Response Act (FFCRA) as amended by the American Rescue Plan Act of 2021
3. **Here's what FNS needs from you:**
  - a. If a state chooses to elect the U.S. standard benefit<sup>1</sup>, simply check the box below. Next, go to letter 'c' (*Estimated total amount of P-EBT benefits*) of the template.

*By checking this box, we are indicating that our state will use the U.S. standard benefit for the covered summer period.*

- b. If a state chooses not to elect the U.S. standard benefit, FNS needs the following information:
  - The number of days for which benefits will be issued as part of the state's covered summer period; and
  - An explanation for how the state arrived at the number of days in the state's covered summer period. USDA will not approve a plan that does not tie the length of its covered summer period to the actual summer 2021 calendars of an enrollment-weighted average, or the median, of a representative sample of its school districts.

**Response:** [please use as much space as needed]

---

<sup>1</sup> The U.S. standard benefit – as defined in Question #5 of FNS' Q&A document titled, "Summer P-EBT Q&A" – is equal to the median number of weekdays in the sampled school districts multiplied by the daily P-EBT rate. For states in the continental U.S., that works out to a fixed summer benefit of \$375 per eligible child (55 days at \$6.82 per day). The U.S. standard benefit is higher for Alaska, Hawaii, and the territories; see Q/A #14 for a complete set of standard benefit amounts.

c. Estimated total amount of P-EBT benefits the state will issue within this amendment's date range. (Consult the appropriate table in Section 4, "Benefit Levels.")

- Estimated amount issued to school children: \$379,500,000
- Estimated amount issued to non-school children in child care: \$75,000,000

ci. Estimated total number of children to which the state will issue P-EBT benefits.

- Estimated number of school children: 1,012,000
- Estimated number of non-school children in child care: 200,000

cii. Tentative P-EBT issuance schedule (the dates on which Summer P-EBT benefits will be issued). Note that USDA encourages states to distribute summer benefits in two or even three issuances across the summer, to the extent practical.

North Carolina will do two separate single issuances for summer P-EBT, one to the population known at the end of the school year and one to the newly eligible population at the end of the summer period.

- School children – For the purpose of summer P-EBT, North Carolina will consider May the last month of the 2020-2021 school year and will issue a single \$375 payment of summer P-EBT in July 2021 to all known eligible students. The issuance will be staggered over a 10 day period beginning on or around the 20<sup>th</sup> of the month. North Carolina chose to issue in a single issuance due to system configuration and consideration that the majority of North Carolina school systems local employees operate on a 10 month employment schedule and are not available to update data during the summer months.

North Carolina will issue a single payment of \$375 for summer P-EBT in September 2021 to all newly eligible students identified by DPI during the summer covered period (June 1 to August 31). The issuance will be staggered over a 10 day period beginning on or around the 20<sup>th</sup> of the month.

- Children in child care – Summer P-EBT benefits will be integrated with the school summer P-EBT and issued in July 2021 as a single payment of \$375 staggered over a 10 day issuance period beginning on or around the 20<sup>th</sup> of month. North Carolina will issue a single payment of \$375 for summer child care P-EBT in September 2021 to all newly eligible children identified as newly eligible for NCFNS during the summer covered period (June 1 to August 31). The issuance will be staggered over a 10 day period beginning on or around the 20<sup>th</sup> of the month.

ciii. Describe how the state will identify eligible school children and children in child care for summer P-EBT. You must address each of the following bulleted items, below, when responding.

### **For school-aged children:**

- Describe how the state will identify school children who received P-EBT benefits during the last month of SY 20-21.
  - North Carolina will use the list of students that were eligible for free and reduced price meals (referenced in the next bullet) during the last month (May) of the SY 20-21 year to ensure all eligible students are captured.
- Describe how the state will identify school children who were eligible for free or reduced price school meals under the NSLP and SBP in SY 20-21 but did not receive P-EBT benefits in the last month of the school year because they attended school in-person and benefitted from a free or reduced price meal service at school. This includes children who were eligible for F/RP meals during the school year and did not receive P-EBT benefits because the children attended school in-person during the school year.
  - To identify eligible school children, North Carolina will use data provided by the Public School Units (PSU) and non-PSUs directly. DPI will instruct PSUs and non-PSUs to provide them with a list of all students that were both eligible for free or reduced-price meals and enrolled during the last month (May) of the SY 20-21 but did not receive due to attending in-person classes.
  - Cherokee Central Schools will follow the same guidance to provide their list of students.
- Describe how the state will identify children who are determined newly eligible for free or reduced price school meals during the covered summer period. States must provide an opportunity for families to apply for free or reduced price meals using the normal application process. States and SFAs should consider maintaining a minimum presence to process Free and Reduced Price Meal applications, perhaps on a part-time or weekly basis. Another alternative is for SFAs to accept new Free and Reduced Price Meal applications during the summer but only process them after the start of the new school year. Children determined eligible on applications *submitted prior to the end of the summer* could then be issued P-EBT benefits retroactively after the start of the new school year. (Note that it is preferable to process applications and issue benefits during the summer period that the benefits are intended to cover).
  - To identify newly eligible school children (both directly certified and submitted and approved NSLP applications), North Carolina will use data provided by the PSUs and non-PSUs directly. DPI will instruct PSUs and non-PSUs to provide them with a list of all students that were determined eligible for free or reduced-price meals during the 90 day covered summer period (June 1-August 31). Households wishing to apply for NSLP must submit an application by August 31, 2021. DPI will process all NSLP

applications received up to August 31, 2021 and provide this list at the end of the summer period. Benefits will be issued to all newly eligible students during the summer months in September 2021.

- Cherokee Central Schools will follow the same guidance to provide their list of students.

#### **For children in child care:**

- Describe how the state will identify SNAP-enrolled children who received P-EBT child care benefits in the last month of the school year.
  - North Carolina will use the list of P-EBT child care benefits issued for the benefit month of May 2021 to identify NCFNS enrolled children who received benefits in the last month of the school year (May) and are included in NCFNS household for at least one month during the summer period of June, July, and August.
- Describe how the state will identify SNAP-enrolled children who would have received P-EBT child care benefits in the last month of the school year, but did not receive benefits because their child care facility was not closed or operating at reduced attendance or hours in that month, and neither their child care facility nor the child's residence was in the area of a school that was closed or operating at reduced attendance or hours in that month.
  - North Carolina will identify all children less than 6 years of age that are part of a household that received North Carolina Food and Nutrition Services (NCFNS) benefits but did not receive P-EBT for the benefit month of May 2021 due to the school learning mode in their local area.
- Describe how the state will identify children who are part of a SNAP household who are newly eligible for P-EBT child care benefits during the covered summer period.
  - North Carolina will identify all children less than 6 years of age that are part of a household that received NCFNS during the benefit months of June, July and August. This list will be matched with the list of children that have already received P-EBT for the covered summer period. Children that have not received benefits already will be integrated with the school children issuances in September, including children that began receiving FNS over the covered summer period.

#### **4. Benefit Levels**

##### **A. U.S. standard Benefit**

2021 Covered Summer Period	U.S. Standard P-EBT Benefit		
	Median Length of Covered Summer Period (weekdays)	Daily P-EBT Rate	Standard Benefit
Contiguous U.S.	55	\$6.82	\$375
Alaska	55	10.99	604
Hawaii, Guam, Virgin Islands, Puerto Rico	55	7.97	438

## B. State-Determined Benefit, Based on Daily Rate

Note: The daily benefit amount – \$6.82 – is only needed if a state elects to set its own covered summer period length; that is to say, if a state declines to use the U.S. standard benefit.

2021 Covered Summer Period	Free Reimbursements			
	Lunch	Breakfast	Snack	Daily Total
Contiguous U.S.	\$3.60	\$2.26	\$0.96	\$6.82
Alaska	5.79	3.64	1.56	10.99
Hawaii, Guam, Virgin Islands, Puerto Rico	4.20	2.64	1.13	7.97

### Notes:

1. Lunch rates include the 7 cent performance-based reimbursement and the extra 2 cents per meal received by school food authorities in which 60 percent or more of the lunches served during the second preceding school year were served free or at a reduced price.
  2. Breakfast rates are those received by "severe need" schools.
  3. Snack rates are those for afterschool snacks served in afterschool care programs

## Civil Rights Statement

The state will continue to comply with civil rights requirements, to include providing equal access to individuals with disabilities and individuals who are limited English proficient.

## Administration of State P-EBT Plan

The state will administer P-EBT according to the terms of its approved state plan. In general, conditions related to benefit issuance reporting, administrative funding, and release of information remain in effect for the covered summer period. If the state wishes to change any of the terms of its plan, the state shall first notify USDA and will, if requested by USDA, submit a plan amendment for USDA review and approval.

## Reminder

If the state needs to make any significant changes to its Summer 2021 plan after approval, the state needs to submit an amendment to FNS that describes the change and its impact on operating summer P-EBT. USDA will review the amendment and approve allowable amendments.
