Subject: Fair Hearings Timeframe Waiver

Dear Mr. Crudup:

ISD is concerned that access to resources needed to request a fair hearing may not be available, or may be delayed, during the declared public health emergency period. Extending the timeframe for an appeal will ensure claimants' due process rights are met. Continuing operating under normal procedures could mean missed deadlines due to staff shortages and availability of resources; consequently, there is potential for violation of customer rights.

Due to the increase in applications, and potential for a decrease in availability of staff The Department has moved to teleworking which can lead hearing officers work being interrupted and they may not be able to conduct hearings and write decisions within the specified timeframes in place. Similarly, the processing technicians who accept hearing requests, schedule the hearings and are responsible for providing the 10-day notice to households when they withdraw requests may not be able to send these out timely due to closure of the Department's office or lack of access to printing. The Department requests flexibility relating to these timeframes due to office closures or staff reductions relating to COVID-19. The Department will strive to meet these time deadlines but is seeking a waiver of them if compliance becomes impossible.

The waiver will allow for households to have adequate time to submit pertinent documentations for the hearing record and the hearing officer will have sufficient time to render a thorough and sound hearing decision.

If additional information is needed, your staff may contact Gavino Archuleta, SNAP Program Manager, at 505-827-7244 or via e-mail at Gavino.Archuleta@state.nm.us.

Thank you for your assistance in processing this request.
