United States Department of Agriculture (USDA), Food and Nutrition Service (FNS) Month-To-Month Contingent Approval to Continue Issuing Supplemental Nutrition Assistance Program (SNAP) Emergency Allotments (EA) Benefits under the Families First Coronavirus Response Act of 2020

Section 2302(a)(1) of the Families First Coronavirus Response Act of 2020, allows States to request COVID-19 EA “for households participating in the supplemental nutrition assistance program... to address temporary food needs.” The State must support its request with sufficient data, as determined through FNS guidance. A household’s EA cannot increase the current monthly household SNAP benefit allotment beyond “the applicable maximum monthly allotment for the household size.” Accordingly, SNAP households that already receive the maximum monthly allotment for their household size are not eligible for EA.

States that have already received FNS approval for EA issuance in March and April, or April and May, are approved to continue issuing EA benefits each month. This approval to extend these EAs will remain in place **until such a time as the Secretary for Health and Human Services rescinds the public health emergency declaration** that was issued on January 27, 2020, under section 319 of the Public Health Service Act **or the State-issued emergency or disaster declaration expires.**

This approval is contingent upon the State submitting the information below to the FNS Region no sooner than the 15th of each month for the subsequent month and awaiting FNS acknowledgement before sending the Emergency Allotment issuance file(s) to their Electronic Benefits Transfer processor.

Prior to each month of EA issuance, the State shall provide the following information to its FNS Regional SNAP contact(s), who will acknowledge receipt:

State/Territory: New Mexico

1. **[November]** EA Issuance date(s): New Mexico plans to issue EA daily following the established staggered issuance schedule as well as to new approvals starting November 1, 2020- November 30, 2020.

(Provide exact dates of planned EA issuance for the month or annotate above if the State will be providing EA benefits in accordance with the State’s regular issuance schedule.)

2. **[November]** estimate of the number of households and estimated EA amount:
Number of households receiving emergency allotment benefits: 132,520
Amount of emergency allotment benefits issued for one month: \$24,425,558.00

3. **Confirmation** that one or more of the following conditions exists due to COVID-19. (Check all that apply):

Residents of the State are confirmed to have contracted COVID-19

Some or all areas of the State are containment or quarantine zones

Businesses have closed or significantly reduced their hours

The State’s residents have experienced economic impacts due to job suspensions or losses

X The State's residents have been directed to practice social distancing

And

X The State's emergency or disaster declaration remains active.

All FNS requirements shall remain the same as listed in the initial State approval.

USDA reserves the right to withdraw or otherwise modify this approval subject to availability of funding.

PUBLIC HEALTH ORDER
NEW MEXICO DEPARTMENT OF HEALTH
ACTING SECRETARY BILLY J. JIMENEZ

OCTOBER 16, 2020

Public Health Emergency Order Clarifying that Current Guidance Documents, Advisories, and Emergency Public Health Orders Remain in Effect; and Amending Prior Public Health Emergency Orders Limiting Businesses and Non-Profit Entities' Operations and Providing Additional Restrictions on Mass Gatherings Due to COVID-19

PREFACE

The purpose of this amended Public Health Emergency Order is to amend restrictions on mass gatherings and business operations, which were implemented in response to the spread of the Novel Coronavirus Disease 2019 ("COVID-19"). Continued social distancing and self-isolation measures are necessary to protect public health given the potentially devastating effects that could result from a rapid increase in COVID-19 cases in New Mexico. While this Order continues some loosened restrictions on mass gatherings and business operations, the core directive underlying all prior public health initiatives remains intact; **all New Mexicans should be staying in their homes for all but the most essential activities and services.** When New Mexicans are not in their homes, they must strictly adhere to social distancing protocols and wear face coverings to minimize risks. These sacrifices are the best contribution that each of us can individually make to protect the health and wellbeing of our fellow citizens and the State as a whole. In accordance with these purposes, this Order and its exceptions should be narrowly construed to encourage New Mexicans to stay in their homes for all but the most essential activities.

It is hereby **ORDERED** that:

1. All current guidance documents and advisories issued by the Department of Health remain in effect.
2. The following Public Health Emergency Orders remain in effect through the current Public Health Emergency and any subsequent renewals of that Public Health Emergency or until they are amended or rescinded:
 - A. March 13, 2020 Public Health Emergency Order to Temporarily Limit Nursing Home Visitation Due to COVID-19;
 - B. April 30, 2020 Public Health Emergency Order Modifying Temporary Restrictions on Non-Essential Health Care Services, Procedures, and Surgeries; and

3. The September 3, 2020 Public Health Emergency Order Amending prior Public Health Emergency Orders Closing All Businesses and Non-Profit Entities Except for those Deemed Essential and Providing Additional Restrictions on Mass Gatherings Due to COVID-19 is hereby amended as follows:

ORDER

WHEREAS, on March 11, 2020, because of the spread of the novel Coronavirus Disease 2019 (“COVID-19”), Michelle Lujan Grisham, the Governor of the State of New Mexico, declared that a Public Health Emergency exists in New Mexico under the Public Health Emergency Response Act, and invoked her authority under the All Hazards Emergency Management Act;

WHEREAS, Governor Michelle Lujan Grisham has renewed the declaration of a Public Health Emergency through November 13, 2020;

WHEREAS, the further spread of COVID-19 in the State of New Mexico poses a threat to the health, safety, wellbeing and property of the residents in the State due to, among other things, illness from COVID-19, illness-related absenteeism from employment (particularly among public safety and law enforcement personnel and persons engaged in activities and businesses critical to the economy and infrastructure of the State), potential displacement of persons, and closures of schools or other places of public gathering;

WHEREAS, social distancing and the consistent and proper use of face coverings in public spaces are the most effective ways New Mexicans can minimize the spread of COVID-19 and mitigate the potentially devastating impact of this pandemic in New Mexico; and

WHEREAS, on March 11, 2020, Executive Order 2020-004 declared a statewide public health emergency pursuant to the Public Health Emergency Response Act and invoked gubernatorial powers under the All Hazard Emergency Management Act. See Order Declaring A State of Public Health Emergency and Invoking the Powers Provided by the All Hazard Emergency Management Act and the Emergency Licensing Act, Executive Order 2020-004. That Order is incorporated by reference herein.

WHEREAS, despite the best efforts of our State and local governments and the citizens of New Mexico, COVID-19 has continued to spread and ongoing efforts are still necessary to mitigate and contain the spread of COVID-19;

WHEREAS, many of the current confirmed positive cases of COVID-19 in New Mexico have resulted from interstate and international travel to New Mexico. Because some individuals infected with COVID-19 are asymptomatic or have very mild symptoms, travelers may be unaware they are carrying the virus. For this reason, persons arriving in New Mexico from out of state must self-isolate for a period of time sufficient to ensure that the public health and safety is not jeopardized.

for a period of at least 14 days from the date of their entry into the State of New Mexico or for the duration of their presence in the State, whichever is shorter.

3. All persons entering New Mexico from a state with a positive test rate lower than 80 per 1,000,000 residents, and a test positivity rate lower than 5%, over a seven-day rolling average, are advised to self-isolate or self-quarantine. New Mexico residents are further advised that they should be tested for COVID-19 within 5 to 7 days after their return to New Mexico from one of these states.

4. Any New Mexico state employee who vacations in another state and is required to self-quarantine upon reentering New Mexico will not be eligible for the paid leave provided by the Families First Coronavirus Response Act.

5. This Order's direction to self-quarantine does not apply to persons employed by airlines, those performing public safety or public health functions, military personnel and their dependents, federal employees, those employed by a federal agency or national defense contractor, emergency first responders, health care workers, New Mexico residents who have left the State to obtain medical care, New Mexico residents who have left the State for less than twenty-four hours for matters attendant to parenting responsibilities, elementary, middle school, or high school students who attend school in neighboring states or who commute into New Mexico to attend school, those arriving in the State pursuant to a Court order, and persons who are employed or contracted by an "essential business," as defined by the operative public health order addressing mass gathering restrictions and business closures, and who are traveling into New Mexico to conduct business activities.

6. Individuals who do not comply with the self-isolation and self-quarantine directives set forth above shall be subject to involuntary isolation or quarantine by the New Mexico Department of Health under the Public Health Emergency Response Act.

7. The New Mexico Department of Health may issue additional protocols for circumstances involving “essential businesses,” as defined by the Department of Health’s Public Health Orders.

8. The New Mexico Department of Health shall, with the cooperation and assistance of all other executive agencies, to take all necessary steps to ensure the screening and appropriate isolation and quarantine of individuals covered by this Order. This will include making temporary holds of individuals or groups, obtaining court orders requiring isolation or quarantine in compliance with the provisions of the Public Health Emergency Response Act, and imposing any civil or criminal penalties warranted under the Public Health Emergency Response Act and the Public Health Act when individuals do not self-isolate or self-quarantine as required by this Order.

9. I further direct the New Mexico Department of Health to post all information necessary to implement the directives in this order on its website.

This Order supersedes any previous orders, proclamations, or directives in conflict. This Executive Order shall take effect on October 16, 2020 and shall remain in effect through the duration of the public health emergency declared in Executive Order 2020-004 and any extensions of that emergency declaration or until it is rescinded.
