**SUBJECT:** Pandemic Electronic Benefits Transfer Program (P-EBT)  
Approval of Ohio's State Plan for Children in Child Care

**TO:** Vista Fletcher  
Acting Regional Administrator  
Midwest Regional Office

The Families First Coronavirus Response Act (P.L. 116-127; the Act) as amended by the Continuing Appropriations Act, 2021 and Other Extensions Act (P.L. 116-159) and the Consolidated Appropriations Act, 2021 (P.L. 116-260) authorized a temporary assistance program for households with certain SNAP-enrolled children in child care during the public health emergency declared on January 27, 2020. Pursuant to the authority granted under Section 1101 of the Act, FNS approves Ohio's enclosed plan to operate P-EBT for children in child care.

### **Summary of State's Plan**

The Ohio Department of Job and Family Services and the Ohio Department of Education will issue P-EBT benefits through the State's Supplemental Nutrition Assistance Program (SNAP) EBT card system to households with eligible children. The State's plan for SNAP-enrolled children in child care covers the months of October 2020 through June 2021.

Children in child care are eligible for benefits if they are enrolled in SNAP and their child care facility is closed or operating with reduced attendance or hours, or if they live in the area of a school that is closed or operating with reduced attendance or hours. The State will use the best feasibly available data and USDA-approved simplifying assumptions to issue benefits in amounts that are tied as closely as possible to the number of days that eligible children do not receive a meal service through their covered child care facility.

At a minimum, the State will identify all children under age 6 who are enrolled in SNAP at any time since October 1, 2020. The State will not issue child care benefits to any child for months after their SNAP enrollment ends. Finally, the State will ensure that children who receive a benefit through P-EBT's child care component do not also receive a benefit through P-EBT's school component for the same month.

In addition, Ohio will:

- identify the county of residence for each SNAP-enrolled child under age 6,
- for each month from October through June, determine whether any school in the county is closed or operating at reduced attendance or hours:
  - if the State identifies at least one such school, all SNAP-enrolled children under age 6 in that county will receive a P-EBT benefit equal to the average statewide P-EBT benefit for school children during that

month (where school benefits are based on the number of virtual learning days of each individual student),

- issue benefits for the months of October through January (or February) in a single issuance in April, and
- issue benefits for the rest of the months on a retrospective monthly basis in accordance with the schedule for school children (i.e. March benefits issued in May, etc).

Finally, the State will identify risks for improper payments and ensure a high level of integrity.

### **Estimated Caseload and Value of P-EBT Benefits**

The State will calculate monthly benefits for each eligible child in the household equal to the daily reimbursement for a free breakfast, lunch, and snack multiplied by the number of benefit days calculated as described in the State's plan.

Ohio estimates that it will issue \$210.8 million to approximately 202,000 SNAP-enrolled children in child care from October 2020 through June 2021.

### **Release of Information**

Pursuant to Section 1101(e) of the Act, the Secretary hereby authorizes the release of the information necessary to carry out P-EBT in Ohio. Section 1101(e) of the Act states, "Notwithstanding any other provision of law, the Secretary of Agriculture may authorize State educational agencies and school food authorities administering a school lunch program under the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq.) to release to appropriate officials administering the supplemental nutrition assistance program such information as may be necessary to carry out this section."

### **Plan Timetable and Revisions**

Ohio will distribute benefits to households consistent with the timeframes identified in the State plan. Should the State encounter challenges or delays that significantly impair its ability to implement the approved P-EBT plan or require substantive changes, the State must notify the FNS Regional Office as soon as possible. The FNS Regional Office will work with the State to identify reasonable solutions and review revised plans for approval or further revision.

### **Civil Rights**

Ohio will continue to comply with civil rights requirements, to include providing equal access to individuals with disabilities and individuals who are limited English proficient.

### **Administrative Funds**

The Ohio Department of Job and Family Services will participate in a P-EBT Administrative Budget Planning process using the FNS-366(a) Program and Budget

Summary. When the FNS-366(a) is finalized, that will determine the State's Administrative Grant level. However, the FNS-366(a), Program and Budget Summary, may be updated and revised as the State's operational plan evolves.

**Reporting**

The Ohio Department of Job and Family Services will complete the FNS-292B, the FNS-46, the FNS-388, and the FNS-778 reports in accordance with existing requirements.

FNS appreciates Ohio's commitment to meet the nutritional needs of children during a challenging time. If you have questions, please contact the FNS Midwest Regional Office.

Sincerely,

Cindy Long  
Deputy Administrator  
Child Nutrition Programs
