

**Amendment to Approved State Plan for Pandemic EBT
Children in School and/or Child Care, Summer 2021**

Issuing Agency/Office:	FNS / Child Nutrition Programs, Supplemental Nutrition Assistance Program
Title of Document:	Amendment to Approved State Plan for Pandemic EBT: Children in School and Child Care, Summer 2021
Document ID:	
Z-RIN:	
Date of Issuance:	April 26, 2021
Replaces:	N/A
Summary:	(1) This document is a template to assist States in the development of an amendment to extend their approved State plan to operate Pandemic EBT for school children and for children in child care during summer 2021. (2) This document relates to Section 1106 of the Families First Coronavirus Response Act (P.L. 116-127) as amended by the Continuing Appropriations Act, 2021 and Other Extensions Act (P.L. 116-159), the Consolidated Appropriations Act, 2021 (P.L. 116-260), and the American Rescue Plan Act, 2021 (P.L. 117-2)
Disclaimer:	The contents of this guidance document do not have the force and effect of law and are not meant to bind the public in any way. This document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies.

Additional context and background for this document can be found at:
<https://www.fns.usda.gov/snap/state-guidance-coronavirus-pandemic-ebt-pebt>

The submission of a P-EBT state plan, associated template and related reporting obligations are addressed in OMB# 0584-0660. This emergency information collection (IC) will be replaced by a full IC package to be submitted to OMB for approval prior to its expiration date of 8/31/21. All components of this summer 2021 P-EBT package will be addressed in the full IC package.

**Amendment to Approved State Plan for Pandemic EBT
Children in School and/or Child Care, Summer 2021**

1. **State:** Tennessee
2. **Primary Citation:** Families First Coronavirus Response Act (FFCRA) as amended by the American Rescue Plan Act of 2021
3. **Here's what FNS needs from you:**

- a. If a State chooses to elect the U.S. standard benefit¹, simply check the box below. Next, go to letter ‘c’ (*Estimated total amount of P-EBT benefits*) of the template.

By checking this box, we are indicating that our State will use the U.S. standard benefit for the covered summer period.

- b. If a State chooses not to elect the U.S. standard benefit, FNS needs the following information:

- The number of days for which benefits will be issued as part of the State’s covered summer period; and
- An explanation for how the State arrived at the number of days in the State’s covered summer period. USDA will not approve a plan that does not tie the length of its covered summer period to the actual summer 2021 calendars of an enrollment-weighted average, or the median, of a representative sample of its school districts.

Response: [please use as much space as needed]

- c. Estimated total amount of P-EBT benefits the State will issue within this amendment’s date range. (Consult the appropriate table in Section 4, “Benefit Levels.”)

- Estimated amount issued to school children 765,000 x \$375 per child=\$286,875,000
- Estimated amount issued to non-school children in child care 137,694 x \$375=\$51,635,250

- d. Estimated total number of children to which the State will issue P-EBT benefits.

- Estimated number of school children 765,000
- Estimated number of non-school children in child care 137,694 per month

- e. Tentative P-EBT issuance schedule (the dates on which Summer P-EBT benefits will be issued). Note that USDA encourages States to distribute summer benefits in two or even three issuances across the summer, to the extent practical.

School children Phase 1: July 2021

¹ The U.S. standard benefit – as defined in Question #5 of FNS’ Q&A document titled, “Summer P-EBT Q&A” – is equal to the median number of weekdays in the sampled school districts multiplied by the daily P-EBT rate. For States in the continental U.S., that works out to a fixed summer benefit of \$375 per eligible child (55 days at \$6.82 per day). The U.S. standard benefit is higher for Alaska, Hawaii, and the territories; see Q/A #14 for a complete set of standard benefit amounts.

Phase 2: Newly eligible students or students not submitted by the phase 1 upload deadline will be issued in September 2021.

Children in child care: Phase 1: July 2021
Phase 2: Newly eligible SNAP participants (June 1st – July 31st) will be issued by September

- f. Describe how the State will identify eligible school children and children in child care for summer P-EBT. You must address each of the following bulleted items, below, when responding.

For school-aged children:

- Describe how the State will identify school children who received P-EBT benefits during the last month of SY 20-21.

Response: TDOE will request that school districts provide all children that were **enrolled and** eligible for free or reduced benefits during their last month of the **2020-21** academic school year, including hybrid learners, virtual learners, and in-person learners. School districts will upload the children’s information via a secure, web-based portal, and the data will include the student’s name, student ID, DOB, mailing address, school name, and district name. TDHS will issue benefits to those deemed eligible by local school districts during phase 1 issuance schedule.

- Describe how the State will identify school children who were eligible for free or reduced price school meals under the NSLP and SBP in SY 20-21 but did not receive P-EBT benefits in the last month of the school year because they attended school in-person and benefitted from a free or reduced price meal service at school. This includes children who were eligible for F/RP meals during the school year and did not receive P-EBT benefits because the children attended school in-person during the school year.

Response: TDOE will request that school districts provide all children that were **enrolled and** eligible for free or reduced benefits during their last month of the **2020-21** academic school year, including hybrid learners, virtual learners, and in-person learners. School districts will upload the children’s information via a secure, web-based portal, and the data will include the student’s name, student ID, DOB, mailing address, school name, and district name. TDHS will issue benefits to those deemed eligible by local school districts during phase 1 issuance schedule.

- Describe how the State will identify children who are determined newly eligible for free or reduced price school meals during the covered summer period. States must provide an opportunity for families to apply for free or reduced price meals using the normal application process. States and SFAs should consider maintaining a minimum presence to process Free and Reduced Price Meal applications, perhaps on a part-time or weekly basis. Another alternative is for SFAs to accept new Free and Reduced Price Meal applications during the summer but only process them after the start of the new school year. Children determined eligible on applications *submitted prior to the end of the summer* could then be issued P-EBT benefits retroactively after the start of the new school year. (Note that it is preferable to process applications and issue benefits during the summer period that the benefits are intended to cover).

Response: TDOE will request that school districts maintain their free and reduced eligibility processes during the covered summer period, defined as June 1 through July 31, 2021. This covered period encompasses two school years, and the eligibility manual for school meals does not permit school districts to accept or process meal applications for 2021-22 before July 1. Therefore, TDOE will advise district to accept and process 2020-21 meal applications June 1 through June 30, and accept and process 2021-22 meal applications July 1 through July 31. Likewise, TDOE will advise districts to continue their direct certification matching processes. Meal applications submitted after July 31 and direct certification matches made after July 31 will not qualify children for summer P-EBT benefits. Information for children determined eligible during this period will be uploaded to the portal and issued benefits retroactively to the beginning of the covered period during the phase 2 issuance schedule. Free or reduced eligibility determinations made during the summer coverage period will not be used to provide retroactive P-EBT benefits for the 2020-21 school year.

For children in child care:

- Describe how the State will identify SNAP-enrolled children who received P-EBT child care benefits in the last month of the school year.

Response: TDHS will identify current SNAP participants between the ages of 0 and 5 years old during the summer period using the SNAP eligibility system. Covered child care facilities shall be deemed closed for purposes of P-EBT during the covered summer period of June 1st through July 31st. Children whose SNAP enrollment begins or ends during the summer period can receive the full summer benefit.

- Describe how the State will identify SNAP-enrolled children who would have received P-EBT child care benefits in the last month of the school year, but did not receive benefits because their child care facility was not closed or operating at reduced attendance or hours in that month, and neither their child care facility nor the child's residence was in the area of a school that was closed or operating at reduced attendance or hours in that month.

Response: All SNAP children in TN 0 to 5 years of age have been in a county that had reduced attendance or were closed.

- Describe how the State will identify children who are part of a SNAP household who are newly eligible for P-EBT child care benefits during the covered summer period

Response: Each month children who are approved for SNAP during these PEBT summer months and are 0 to 5 years of age will be added to the PEBT file. We will issue the full amount of \$375 per child in September 2021.

4. Benefit Levels

A. U.S. standard Benefit

2021 Covered Summer Period	U.S. Standard P-EBT Benefit		
	Median Length of Covered Summer Period (weekdays)	Daily P-EBT Rate	Standard Benefit
Contiguous U.S.	55	\$6.82	\$375
Alaska	55	10.99	604
Hawaii, Guam, Virgin Islands, Puerto Rico	55	7.97	438

Response: Tennessee will utilize this standard benefit amount.

B. State-Determined Benefit, Based on Daily Rate

Note: The daily benefit amount – \$6.82 – is only needed if a State elects to set its own covered summer period length; that is to say, if a State declines to use the U.S. standard benefit.

2021 Covered Summer Period	Free Reimbursements			
	Lunch	Breakfast	Snack	Daily Total
Contiguous U.S.	\$3.60	\$2.26	\$0.96	\$6.82
Alaska	5.79	3.64	1.56	10.99
Hawaii, Guam, Virgin Islands, Puerto Rico	4.20	2.64	1.13	7.97

Notes:

1. Lunch rates include the 7 cent performance-based reimbursement and the extra 2 cents per meal received by school food authorities in which 60 percent or more of the lunches served during the second preceding school year were served free or at a reduced price.

2. Breakfast rates are those received by "severe need" schools.

3. Snack rates are those for afterschool snacks served in afterschool care programs

Source: <https://www.govinfo.gov/content/pkg/FR-2020-07-22/pdf/2020-15764.pdf>

Response: Tennessee will not utilize the state-determined benefit.

Civil Rights Statement

The State will continue to comply with civil rights requirements, to include providing equal access to individuals with disabilities and individuals who are limited English proficient.

Administration of State P-EBT Plan

The State will administer P-EBT according to the terms of its approved State plan. In general, conditions related to benefit issuance reporting, administrative funding, and release of information remain in effect for the covered summer period. If the State wishes to change any of the terms of its plan, the State shall first notify USDA and will, if requested by USDA, submit a plan amendment for USDA review and approval.

Reminder

If the State needs to make any significant changes to its Summer 2021 plan after approval, the State needs to submit an amendment to FNS that describes the change and its impact on operating summer P-EBT. USDA will review the amendment and approve allowable amendments.

Matters related to EBT and EBT issuance, public information campaigns, dispute resolution and serving marginalized communities etc. will mirror the Round 3 approved PEBT school plan approved by USDA FNS.
