ACRONYMS

State agencies may consider including acronyms for the SNAP State agency, SNAP E&T program name, State's management information system, and SNAP E&T providers or contractors.

The below list includes common acronyms utilized within this plan.

Acronym	Definition
ABAWD	Able-Bodied Adult without Dependents
E&T	Employment and Training
FNS	Food and Nutrition Service
FY	Fiscal Year
GA	General Assistance
ITO	Indian Tribal Organization
SNAP	Supplemental Nutrition Assistance Program

TANF	Temporary Assistance for Needy Families
USDA	United States Department of Agriculture
WIOA	Workforce Innovation and Opportunity Act

SUMMARY OF PROGRAM

Provide the vision and mission of the State E&T program. In addition, describe how your State agency's E&T program meets the purpose of E&T which is to:

- Increase the ability of SNAP participants to obtain regular employment
- Meet State or local workforce needs

Maryland's SNAP E&T vision is to create an environment where SNAP recipients have the resources necessary to participate in employment training programs that leads to desired career choices and ultimately reduces the customers' reliance on public benefits including SNAP. The SNAP E&T mission is to provide workforce development and wrap-around services to help recipients obtain the skills necessary to enter into in-demand industries and ultimately achieve economic and social independence. The SNAP E&T Program is also a part of the State's WIOA plan. This integration is in the workforce development system at large. Additionally, SNAP E&T participates in the Governor's Workforce Development Board meetings to hear about in demand fields and ensure that our programs are aligned with economic trends. The additional Third-Party partners, incorporation into the WIOA State Plan, and consultation with the Governor's Workforce Board will provide SNAP recipients with more opportunities to gain skills that will catapult them into self-sufficiency.

For FFY 26, Maryland expanded its statewide services by partnering with the Maryland Department of Labor, including collaborations with EARN Grant recipients and the Governor's Board to engage ENOUGH Grantees. These partnerships include a mix of non-profit organizations and educational institutions (i.e., community colleges) that specialize in designing and implementing adult learner programs and have experience in providing wraparound services to meet each participant's unique needs. The partners offer training in high-demand fields such as IT/Cybersecurity; Warehousing; Diesel Tech; CDL; Construction; Hospitality and Customer Service; Cyber Security; CNA/GNA; Medical Tech; Airplane Mechanic; Pharmacy Tech; and Emergency Medical Technician. These partnerships also increase the opportunities to serve more customers throughout the state while leading to more job opportunities for SNAP recipients.

The majority of the third-party partners offer an online or hybrid platform to serve participants as a best practice. To ensure accessibility to online training and submission of documents, mobile Hotspots, loaner laptops/tablets, and internet access are made available to participants. Maryland believes that the hybrid model will allow the State to reach and offer E&T services to a larger share of the SNAP population.

Is the State's E&T program administered at the State or county level?

PROGRAM CHANGES

Summarize changes for the upcoming Federal fiscal year (FY) from the prior FY. Significant changes may include new initiatives, changes in funding or funding sources, policy changes, or significant changes to the number of partners or participants. Significant changes could include those made as a result of management evaluation findings or participation in program improvement initiatives, such as SNAP to Skills. It is not necessary to include changes made as a result of new Federal rulemaking.

MD DHS, in partnership with the Governor's Office of Children, expanded outreach capacity to service more SNAP customers throughout the state. These programs are in direct alignment with the SNAP E&T program's mission to end hunger and increase pathways to employment. MD DHS also partnered with MD Department of LABOR to onboard additional partners in underserved/rural areas in Maryland. The collaborations allowed the SNAP E&T program to increase from 31 partners to 46 partners.

Highlight any changes from above that the State agency is making to the E&T program based on the prior year's performance, for instance changes made as a result of E&T outcome and participation data.

Based on the participation data from FFY 25, MD DHS has added increased efforts to ensure that participants are completing training, obtaining/maintaining employment, and ensuring that data is being captured in the WORKS System.

The programs must offer transportation barrier removal services to ensure that customers are able to get to and from their programs and appointments while attending a SNAP E&T program. The majority of partners also offer Job Retention Services to assist with a smooth transition from program to employment. Regarding data entry and metrics, MD DHS/FIA Office of Training now offers monthly training on the WORKS System for all partners to ensure data is entered correctly and reporting measures are accurate.

CONSULTATION AND COORDINATION WITH THE WORKFORCE DEVELOPMENT SYSTEM

State agencies must design the E&T program in consultation with the State workforce development board and operate the E&T program through the statewide workforce development system (7 CFR 273.7(c)(5)). The goal of this section is to explain the relationship between the State agency and other organizations it plans to consult and coordinate with for the provision of services, including organizations in the statewide workforce development system. The statewide workforce development system refers to a network of providers, which may include government and the public sector; community-based organizations and non-profits; employers and industry; occupational training providers; and post-secondary institutions, such as community colleges. Please note the State workforce development board is an entity that establishes Regional strategic plans and sets funding priorities for their area. They are distinct from State workforce agencies.

Consultation

Consultation with the workforce development system generally includes discussions to learn about services provided in the community and how each organization functions and coordinates with others in the community. State agencies can demonstrate they consulted with their State workforce development board by noting the dates of conversations, who they spoke with, what they spoke about, and how they incorporated this information into the design of their E&T program.

Did the State agency consult the State workforce development board?

☒ Yes

☐ No

Describe how the State agency consulted with the State workforce development board in designing its SNAP E&T program. Include the names, dates and outcomes of the consultation.

Date	State Workforce Development Board Name	Title(s) of Person Consulted	Outcome of Consultation
06/12/2025	Governor's Workforce Development Board	Executive Director	DHS met with the Executive Director of the Governor's Workforce to explore innovative ways to serve Marylanders and foster collaboration with the Maryland Department of Labor and the Maryland Department of Rehabilitation Services. This meeting led to a commitment to align and optimize funding streams between SNAP E&T and other high-quality state-funded workforce programs, such as Maryland's Employment Advancement Right Now (EARN) program. A commitment was also made to

			ensure statewide availability of SNAP E&T services in designated ENOUGH communities, which are areas with high rates of intergenerational poverty. This intentional approach resulted in nearly 20 more proposals than historically received. Both agencies are committed to tracking outcomes to measure the effectiveness of this intentionally integrated model.

Coordination

Coordination with the workforce development system consists of efforts to partner with workforce providers to directly serve SNAP E&T participants or to align the flow or types of services offered across programs.

Describe any special State initiatives (i.e. Governor-initiated or through State legislation) that include SNAP E&T. Describe any efforts taken by the State agency to coordinate these programs, services, partners, and/or activities with the State's E&T program.

DHS has successfully coordinated with the Governor's office of Childhood Initiatives to expand SNAP E&T serves in underserved communities. Maryland is now partnering with 10 new Third Party Partners from this collaboration. At the State level, DHS coordinates with the Department of Labor to prevent duplication of services to leverage and braid resources. DHS also collaborates with the Department of Labor's EARN Grant recipients. DHS now has 20 EARN Grant recipients as Third Party Partners to enhance expansion efforts to serve more customers statewide.

Describe the extent to which the State agency is carrying out SNAP E&T programs in coordination with title I programs under the Workforce Innovation and Opportunity Act (WIOA).

In addition to state-level coordination of WIOA and SNAP E&T activities, SNAP E&T partners work closely with American Job Centers (AJCs) across the State. There are cross referrals between WIOA and SNAP E&T partners based on each participant's unique needs and the provider's service offering. Our partnerships allow SNAP E&T to offer an array of workforce training, educational and career opportunities. These partnerships assist the SNAP E&T program by:

Providing our program with service delivery strategies and opportunities for our SNAP/ABAWD participants to transition into the industry of their choice
 Allowing SNAP E&T to stretch SNAP E&T funds Statewide along with other WIOA resources
 Leveraging and/or braid funding of non-federal funds to focus on adding complementary enriched service delivery models
 Providing a diverse training and service delivery model that builds the capacity of serving a large number of clients, simultaneously
 Giving us the ability to collaborate and share data, and outcomes so that we can manage our delivery methodologies and revisit areas where our participant needs are not being met and/or best practices.

Is SNAP E&T included as a partner in the State's WIOA Combined Plan?

☒ Yes

☐ No

Describe how the State agency is coordinating with TANF/GA programs, services, partners, and/or activities. Describe any TANF/GA special initiatives targeting specific populations and any actions taken to coordinate with these efforts.

DHS operates the TANF Work Programs. Our LDSS Offices have the flexibility to operate their work programs within their own agency or contract with a qualified workforce development vendor. Further, some of these vendor partnerships are with the local Workforce Development Boards. As a general rule, TANF participants do not enroll in SNAP E&T programs. Instead, they receive TANF-funded employment, education, and training services. When an individual exits TANF, he or she may enroll in SNAP E&T to receive additional training and supportive services necessary to remain on an upward economic mobility.

Describe how the State agency is coordinating its SNAP E&T program with any other Federal or State employment program (e.g. HUD, child support, re-entry, refugee services).

Under the combined WIOA plan, DHS participates in state-level discussions with the Department of Labor, the State Department of Education, State Department of Housing and Community Development, and other partners to discuss the needs of the SNAP population, review services available, and develop ways to prevent duplication of services.

Internally, employment services are tracked in one case management system. The single system helps prevent customers from being enrolled in redundant programs.

The Maryland Department of Labor administers the Employment Advancement Right Now (EARN) program, an industry-led, competitive workforce and economic development grant. SNAP E&T providers are able to leverage the non-federal EARN funding to meet the required SNAP E&T match. The EARN grant has been instrumental in helping expand Maryland's SNAP E&T program.

CONSULTATION WITH INDIAN TRIBAL ORGANIZATIONS (ITOs)

State agencies are required to consult with Tribes about the SNAP State Plan of Operations, which includes the E&T State Plan, per 7 CFR 272.2(b) and 272.2(e)(7). The consultations must pertain to the unique needs of Tribal members. State agencies are required to document the availability of E&T programs for Tribal members living on reservations in accordance with 7 CFR 273.7(c)(6)(xiii). The goal of this section is to describe how the State agency consulted with Indian Tribal Organizations (ITOs), describe the results of the consultation, and document the availability of E&T programs for Tribal members living on reservations.

UTILIZATION OF STATE OPTIONS

State agencies have the flexibility to implement policy options to adapt and meet the unique needs of State populations. Check which options the State agency will implement.

Does the State agency offer an E&T program statewide?

☒ Yes

☐ No

Indicate the type of E&T program the State agency operates.

☐ Mandatory per 7 CFR 273.7(e)

☒ Voluntary per 7 CFR 273.7(e)(5)(i)

☐ Combination of mandatory and voluntary

Does the State agency serve the following populations? Select all that apply.

☒ Applicants per 7 CFR 273.7(e)(2)

☒ Exempt members of zero benefit households that volunteer for SNAP E&T per 7 CFR 273.10(e)(2)(iii)(B)(7)

☒ Categorically eligible households per 7 CFR 273.2(j)

Does the State agency enable ABAWDs to regain SNAP eligibility through E&T and verify that the ABAWD will meet the work requirement within 30 days?

☐ Yes

☒ No

CHARACTERISTICS OF INDIVIDUALS SERVED BY E&T

State agencies are required to include information about the categories and types of individuals they plan to exempt from mandatory E&T participation (7 CFR 273.7 (c)(6)(iv)), as well as the characteristics of the population they plan to place in E&T (7 CFR 273.7 (c)(6)(v)).

What are the characteristics of the population the State agency intends to serve in E&T (e.g. target population)? This question applies to both mandatory and voluntary participants.

- ☐ ABAWDs
- ☐ Homeless
- ☐ Veterans
- ☐ Students
- ☐ Single parents
- ☐ Returning citizens (aka: ex-offenders)
- ☐ Underemployed
- ☐ Those that reside in rural areas

Estimated Participant Levels

Project participation in E&T for the upcoming Federal fiscal year. In determining the estimated participation, it is important to be as accurate as possible. As appropriate, projections should be based upon actual figures from the current Federal fiscal year.

QUESTION	RESPONSE FIELD
Anticipated number of work registrants	400,000

State Exemptions

List State exemptions from E&T and the participation, such as individuals to be exempted under each category.

EXEMPTION	TOTAL INDIVIDUALS
All work registrants are exempt	400,000

QUESTION	RESPONSE FIELD
Total estimated number of work registrants exempt from mandatory E&T	400,000
Percent of all work registrants exempt from E&T	100.00%

ABAWDs

QUESTION	RESPONSE FIELD
Anticipated number of ABAWDs in the State	80,000
Anticipated number of ABAWDs in waived areas of the State	0
Anticipated number of ABAWDs to be exempted under the State's ABAWD discretionary exemption allowance	17,063
Anticipated number of ABAWDs in the State who meet the criteria under 7 CFR 273.7(d)(3)(i)	62,937

E&T Participants

QUESTION	RESPONSE FIELD
Anticipated number of mandatory E&T participants	0
Anticipated number of voluntary E&T participants	7,500
Total anticipated number of E&T participants	7,500
Anticipated number of ABAWDs to be served in E&T	6,000

How frequently will the State plan to re-evaluate these exemptions from mandatory E&T?

- ☒ Annually
- ☐ Bi-annually
- ☐ Other

ORGANIZATIONAL RELATIONSHIPS

State agencies are required to include information on the organizational relationship between the units responsible for certification and the units operating the E&T components, including units of the statewide workforce development system, if available. For the purposes of the questions below, E&T providers are considered to include units of the statewide workforce development system. FNS is specifically interested in ensuring that the lines of communication are efficient and that, if applicable, noncompliance with mandatory E&T is reported to the certification unit within 10 working days after the noncompliance occurs, per 7 CFR 273.7(c)(4). State agencies must also include information on the relationship between the State agency and other organizations it plans to coordinate with for the provision of services.

The following questions are about how the E&T program is structured in your State agency.

Indicate which division within the SNAP State agency is responsible for the E&T program. (i.e. establishes E&T policy, contracts for E&T services, monitors providers). For example, explain if the E&T program unit is separate from the SNAP certification unit, and if there are separate E&T units at the county level.

SNAP E&T and SNAP programs are administered by the Family Investment Administration (FIA) within Maryland DHS. The FIA establishes program policy, manages the execution of contracts, monitors providers, and maintains relationships with other key partners including but not limited to state agencies and the business community. SNAP certification is conducted by case managers located within twenty-four local jurisdictions. The certification staff are also responsible for referring work-eligible participants to SNAP E&T.

How does the E&T unit coordinate and communicate on an ongoing basis with the units responsible for certification policy?

The SNAP E&T team housed at the DHS headquarters participate in bi-weekly meetings with local certification staff to discuss policy changes, provide program updates, and allow local staff to exchange ideas. DHS also conducts quarterly "Connecting the Dots" training sessions which are designed to enhance communication between HQ and local staff. The agency leverages these events to discuss policy changes regarding SNAP E&T, SNAP work screening and registration and referral processes. The SNAP E&T Team also launched a workgroup called "SNAP It Up" to engage with the LDSS leadership and line staff to provide a platform for policy clarification and strategize on ways to improve program participation.

Describe the State's relationships and communication with intermediaries or E&T providers.

DHS facilitates monthly meetings with the Third-Party Partners to discuss SNAP E&T specific topics including policies, procedures, and concerns that affect program participants and providers. The agency also offers Technical Assistance and SNAP E&T training as needed to provide policy refreshers, discuss new requirements, and facilitate peer learning opportunities. New policies are also disseminated to providers in policy memorandums transmitted via email.

Describe how the State agency shares new policies, procedures, or other information with the intermediary or other E&T provider.

The agency also offers Technical Assistance and SNAP E&T training as needed to provide policy refreshers, discuss new

requirements, and facilitate peer learning opportunities. New policies are also disseminated to providers in policy memorandums transmitted via email.

Describe how the State agency, intermediaries, and E&T providers share participant data and information. Include the names of any MIS systems (or other modes of communication) used.

Maryland's SNAP Eligibility Workers (EW) screen applicants for work registration requirements in the Eligibility and Enrollment (E&E) system. The E&E system has an automated interface with WORKS, which is DHS' employment and training case management system. Daily, E&E transmits work registrants' information into WORKS. EWs use WORKS to refer work registrants to SNAP E&T programs. Frontline SNAP E&T staff (LDSS and Third-Party Partners) enter employment and training activities that clients are engaged in WORKS. WORKS then communicates work activities participation to E&E.

If the State uses a MIS system, describe the E&T related data that is tracked and stored in those systems (e.g. referrals, noncompliance with program requirements, provider determination, etc.), and whether the system(s) interact with each other.

Maryland uses E&E system to process SNAP applications and determine eligibility. Participants are screened for work registration as part of the SNAP certification process. E&E transmits data of all individuals screened as work registrants into the WORKS, a workforce development case management system. Eligibility workers and Third-Party Providers use WORKS to track participant activities. E&E keeps record of applications, redeterminations, case notes/records, and case files uploaded by the eligibility workers. WORKS tracks referrals and participant activities. WORKS transmits compliance data and attendance to E&E which triggers notices in E&E regarding non-compliance.

Describe the State agency's process for monitoring E&T providers' program and fiscal operations. Include plans for direct monitoring such as visits, as well as indirect monitoring such as reviewing program data, financial invoices, etc.

The SNAP E&T team conducts annual Technical Assistance (TA) visits with the partners. During these visits, the team discusses program goals/progress made towards goals as well as barriers; outreach and referrals; staffing changes/challenges; expenditures and billing; and contract compliance. Additionally, the SNAP E&T Team reviews case files, ensures that files are kept in locked or secured locations, reviews financial status to ensure funds are being expended appropriately and in accordance to FNS guidelines, observes classes/instruction time, contracts for subcontractors, and audits. Each TA visit also includes a tour of facilities to ensure safety and ADA compliance (including non-discrimination posters and websites to ensure appropriate non-discrimination language is present).

Describe how the State agency evaluates the performance of providers in achieving the purpose of E&T (assisting members of SNAP households in gaining skills, training, work, or experience that will increase their ability to obtain regular employment and meets State or local workforce needs).

Each SNAP E&T partner is unique in the services that they provide. To participate in the program, each SNAP E&T provider must submit a proposal describing the program and services to be provided and anticipated outcomes and outputs. The partners are required to submit quarterly reports discussing their progress towards meeting the goals that they established in the proposals. Upon receipt and review of the reports, contract managers schedule follow up meetings to review the outcome metrics and discuss concerns as appropriate. The State also monitors program outputs using the WORKS system, which tracks enrollment and participants' activities.

During FFY26, DHS will also evaluate each partners' expenditures against approved budgets

SCREENING FOR WORK REGISTRATION

State agency eligibility staff must screen for federal exemptions from work registration, per 7 CFR 273.7(a).

Describe how the State agency screens applicants to determine if they are work registrants.

Maryland follows federal regulations that require that all non-exempt adult SNAP recipients register for work. The adult who signs the application authorizes all adults in the SNAP unit who are not determined to be exempt from participation be registered for work. A recipient's work registration exemption status must be redetermined at least annually and must be coded in the E&E system. Statutory exemptions will be identified during the interview for benefits. Also, the eligibility staff will complete the Works Exemption screen for each individual where potential Individual Exemptions are listed. For FFY26, MD will implement a SNAP work requirements screening tool for the eligibility staff to use.

How does the State agency work register non-exempt individuals?

The Eligibility & Enrollment System (E&E) identifies non-exempt SNAP recipients and captures them as work registrants. The E&E System also identifies whether the Work Registrants are subject to the regular or an ABAWD work requirements. Information regarding SNAP participants who are subject to work requirements is automatically sent to WORKS. In the WORKS system, workers are able to identify and refer work-eligible participants to employment training activities.

At what point in the certification process does the State agency provide the written explanation of the applicable work requirements? Select all that apply.

- ☐ Point of Intake
- ☒ Point of Certification
- ☒ Reported change in the work registrant status of household members
- ☒ Point of Recertification
- ☐ State does not provide written explanation

At what point in the certification process does the State agency provide the oral explanation of the applicable work requirements? Select all that apply.

- ☐ Point of Intake
- ☒ Point of Certification
- ☒ Reported change in the work registrant status of household members
- ☒ Point of Recertification
- ☐ State does not provide oral explanation

SCREENING FOR REFERRAL TO E&T

The State agency must screen each work registrant to determine if it is appropriate, based on State-specific criteria, to refer them to the E&T program per 7 CFR 273.7 (c)(2). State agencies may operate program components in which individuals elect to participate, per 7 CFR 273.7(e)(4).

List the State-specific criteria eligibility workers use to screen individuals to determine if it is appropriate to refer them to the State's SNAP E&T program.

SNAP E&T services are available to all work-eligible program participants, as determined by SNAP Eligibility Workers. Participants who are work-eligible are referred to the SNAP E&T provider best suited to their employment and training needs, with a general prioritization of the ABAWD population. Each LDSS has an assigned Eligibility Worker responsible for assessing participants to determine the most suitable SNAP E&T program.

What information does the State provide to a SNAP recipient to explain SNAP E&T participation criteria?

Since Maryland is a Voluntary State, the State informs SNAP recipients about the free employment and training programs offered in their area. The State informs the ABAWD population of the time limit on benefits. The SNAP recipient receives a consolidated work notice which reiterates the work requirements. Additionally E&T information is found on the State Website.

How does the State document that the information has been provided?

The LDSS narrate in case notes and the information is issued via the Consolidated Work notice which is mailed to the customer. A copy of the notice is also added to the case record in the eligibility system.

What is the State's model for screening and referral to SNAP E&T? Select all that apply.

- ☒ Reverse Referral
- ☒ Direct Referral

When does screening for referral to E&T occur? Select all that apply.

- ☒ Initial Certification
- ☒ Recertification
- ☐ Reported change in the work registrant status of households
- ☐ Other

Describe the process for screening for direct referral to E&T, including the staff involved.

LDSS eligibility case manager conducts interviews at initial certification and redetermination. During the interview process, the eligibility case manager asks questions and gathers information to determine if the individual and household members are work-eligible. A work-eligible individual is one that does not meet an exemption criteria. During the interview process, the eligibility case manager provides an oral explanation of the work requirements. The eligibility case manager also reviews the list of E&T providers and encourages the individuals appropriate for work to leverage the resources of the training programs available.

When does the screening for a reverse referral request occur?

The screening for a reverse referral occurs during outreach by the E&T Providers. Those customers are sent to the LDSS via DHS Central office for case review, to discuss work requirements, and access for SNAP E&T program compatibility. If the customer agrees to participate in the program, the LDSS Eligibility Worker completes the Referral Screen in WORKS to the E&T Provider.

Describe the process for screening during the reverse referral request process, including the staff involved.

For reverse referrals, a Third-Party Partner completes a form which is submitted to DHS to confirm SNAP enrollment. Once the eligibility case manager confirms SNAP enrollment, he or she contacts the SNAP participants to discuss the SNAP E&T program, conduct a screening for appropriateness of the impending SNAP E&T activity, and discuss participant reimbursements options. The eligibility case manager must provide the customer with information on the selected vendor and send back the form confirming SNAP eligibility.

Are participants informed about participant reimbursements before the individual is referred to E&T by eligibility staff?

☐ Yes

☒ No

When are participants informed about participant reimbursements?

The SNAP customers currently learn about the participant reimbursements once they enter the Employment and Training program. MD is working to enhance the public database for FFY 26 for the LDSS to better communicate with the SNAP customers. This updated E&T Provider list will include participant reimbursements. The caseworkers are encouraged to discuss this and Central ONAP Staff will issue an Action Transmittal with instruction on discussing "participant reimbursements" offered.

How are participants informed about participant reimbursements?

The E&T Providers conduct an intake assessment and an individual employment assessment for each customer. This assessment determines what barrier removal services and participant reimbursement items the SNAP Customer may require to be successful in the training program and will assist with gainful employment.

REFERRAL TO E&T

In accordance with 7 CFR 273.7(c)(2), in order to participate in SNAP E&T, the State agency must make the referral. The referral method may vary from participant to participant.

What information does the State provide to E&T participants when they are referred? Select all that apply.

- ☒ Information about accessing E&T services

If the State receives a reverse referral request from an E&T provider, what steps does the State take?

Third-Party Partners submit a form to DHS for reverse referrals to confirm SNAP enrollment. The eligibility case manager then contacts confirmed SNAP participants to discuss the E&T program, screen for activity appropriateness, and review reimbursement options. The case manager provides Third Party Partner information and confirms SNAP eligibility.

How does the State communicate to the SNAP participant that they are in SNAP E&T? Select all that apply.

How is information about the referral communicated to E&T providers, as applicable?

The referral is electronically submitted to the Third Party Partner via the WORKS MIS system. The Third Party Partner is trained to pull the referral reports in WORKS for new customers referred by the LDSS. The Third Party Partners must run the report at least twice a week.

How is information about the referral communicated within the State agency?

The referral information is electronically tracked in WORKS. LDSS staff and FIA Central SNAP E&T staff have access to WORKS/WORKS Reports.

After referral, what additional steps does the E&T participant take to access the program? Select all that apply.

- ☒ Assessment

What happens during the orientation?

During the orientation, the participant would complete an extensive assessment of needs then begin developing an Individual Employment Plan (IEP). The participant is placed into a component best suited for them based on the outcomes of the needs assessment. That Third Party Partner monitors attendance, progress, and participation in the program, provides Intensive case management and barrier removal (if necessary) services, and documents participant activities in WORKS.

ASSESSMENT

Does the State require or provide an assessment?

☒ Yes

☐ No

Who conducts the assessment? Select all that apply.

☐ State Agency

☒ E&T Provider

☐ Self-Assessment

☐ Intermediary

☒ Local Office

☐ Other

When are participants assessed?

LDSS Case Managers are responsible for conducting initial customer screenings to identify their strengths (i.e. education, training, and work history) and barriers (i.e. limited education, illiteracy, lack of childcare, lack of transportation, having a criminal background) through the standard SNAP interview process. The Third-Party Partner conducts intensive assessments upon enrollment into the training program.

Describe the assessment. List the tools used in the assessment.

The Third Party Partners use various types of assessments and tools to identify interests, abilities, and barriers. The results of the assessments are used to develop the individualized employment plan which is a roadmap to address barriers and help the customer achieve economic self-sufficiency. The Third Party Partners are required to complete an intake assessment and an Individual Employment Plan (IEP).

Does the assessment result in the completion of an individual employment plan?

☒ Yes

Are participants reassessed?

☒ Yes

☐ No

When are participants reassessed?

The Third Party Partners are required to reassess participants periodically while they are in an E&T program.

How are participants reassessed?

The Third Party Partner must update the IEP to assess goals and barriers to success in programs/gaining employment.

CONCILIATION PROCESS

In accordance with 7 CFR 273.7(c)(3), State agencies have the option to offer a conciliation period to noncompliant E&T participants. The conciliation period provides mandatory E&T participants with an opportunity to comply before the State agency sends a notice of adverse action. The conciliation process is not a substitute for the determination of good cause when a client fails to comply.

CASE MANAGEMENT SERVICES

The State E&T program must provide case management services to all E&T participants. In accordance with 7 CFR 273.7(c)(6)(ii), State agencies are required to include specific information about the provision of case management services in the E&T State plan.

Describe how E&T case managers coordinate with other staff and services. Coordination can involve tracking E&T participation, sharing information that may be relevant to participation in E&T (e.g. information related to good cause or a work exemption), and referral to additional services.

QUESTION	RESPONSE FIELD
How do E&T case managers coordinate with: SNAP eligibility staff	Case management services are provided by each of the Third-Party Partners for their enrolled participants. The Partners, as part of their case management duties, regularly connect with local departments (LDSS) eligibility staff so that they can conduct eligibility screenings for potential recipients of employment and training services. This is done via direct email to the LDSS or thru the SNAP E&T Team.
How do E&T case managers coordinate with: State E&T staff	State E&T staff at our central office provide oversight of the Third-Party SNAP E&T case managers and third-party providers. The State E&T staff provides training and ongoing technical assistance and are responsible for monitoring providers to ensure that they are meeting established program outcomes. The State E&T staff ensures that the third-party case managers document participant activities in the State's tracking system. The State E&T staff conducts monthly E&T providers meetings, one-on-one calls to handle pressing issues and concerns, and provides regular check-ins to better ensure that they are equipped to meet their goals. This includes monthly and quarterly reports provided by E&T providers to not only assess the level of case management activities, but also to review how they are meeting component requirements as described in their proposal documents.
How do E&T case managers coordinate with: Other E&T providers	The State E&T team meets with E&T providers statewide regularly and more recently, has hosted smaller, region-like meetings with them to discuss what they are doing to meet their program goals. E&T providers are also working with one another to tackle overarching concerns that affect all participants, like health equity. The State will continue to encourage regular meetings with the E&T providers and will coordinate workgroups based upon region, area of service(s)/training and target population. Ideally, the hope is that the E&T providers can collaborate in smaller groups and can help each other better serve customers depending on their specific needs.
How do E&T case managers coordinate with: Community resources	Third-Party Partners are trained to be aware of community resources available to help E&T participants achieve self-sufficiency. The State regularly updates SNAP E&T case managers on potential resources and services that will support program participants to identify and pursue the services necessary to address individual and unique barriers.

How does the State agency ensure E&T participants receive targeted case management services through an efficient administrative process, per 7 CFR 273.7(c)(6)(ii)?

The merit staff interview all applicants, discuss the work and educational programs offered by the State, and screen for SNAP E&T work compatibility. At the interview, the applicant is offered a work program or education services based on the needs assessment. Once the applicant is approved for SNAP and is a non-exempt Work Registrant, the merit staff will ensure the participant is registered in the WORKs program and inform both the participant and the work /education program that the referral has been made and contact instructions. Third-Party Providers are responsible for assessing individual barriers and enrolling customers in appropriate programs targeted to address their unique needs.

How do your offered case management services support the participant in the E&T program and provide activities and resources that help the participant achieve program goals?

The offered case management services provide a regular touch point for participants to assess goals, identify areas that are going well, areas that need attention and any new or removed barriers. The case management includes a wide range of activities such as career planning and are designed to assist with career planning, coordination of supportive services, and ongoing support for job placement and retention. Vendors are required to provide case management at least bi-weekly with the targeted goals of barrier removal and progress towards gainful employment. Case Management is offered in-person and/or virtually.

How does the SNAP State agency ensure the case management services offered do not act as an impediment to successful participation in E&T?

The SNAP E&T will implement random customer checks during review of Quarterly Reporting to check in with participants.

GOOD CAUSE

In accordance with 7 CFR 273.7(i), the State agency is responsible for determining good cause when a SNAP recipient fails or refuses to comply with SNAP work requirements. Since it is not possible for FNS to enumerate each individual situation that should or should not be considered good cause, the State agency must take into account the facts and circumstances, including information submitted by the employer and by the household member involved, in determining whether or not good cause exists.

What is the State agency's criteria for good cause?

Maryland's criteria for good cause is defined by the following: If the employment is an unreasonable risk to the individuals health or safety, if the individual is physically or mentally unfit to perform the employment, if the distance of the commute from the individuals home to the employment site is unreasonable exceeding more than 2 hours of travel time or the cost of the commute is unreasonable and unable to walk to the job site or have access to public transportation.

Describe the State agency's process to determine good cause if there is not an appropriate and available opening for an E&T participant.

Refer the individual to an appropriate E&T component. The DHS case manager may refer the individual to another E&T component; however, as a best practice, the DHS case manager is encouraged to consider if an individual who has already received a provider determination is a good candidate for E&T, or if the fourth option below would be a better fit.

Re-assess the individual's mental and physical fitness. If the individual is not determined mentally or physically fit, then the individual must be exempted from employment and training participation. The DHS case manager may also re-assess the individual for other exemptions from the individual work requirements, or the ABAWD work requirement, as applicable.

Refer the individual to an appropriate workforce partnership, if applicable. If the LDSS has certified one or more workforce partnerships, the DHS case manager may refer an individual to a workforce partnership at the option of the individual. The State agency must provide individuals with sufficient information about workforce partnerships to make an informed decision about participating.

Coordinate with other Federal, State or local workforce or assistance programs to identify work opportunities or assistance for the individual. The DHS case manager may decide that an individual with a provider determination would be better served by a program outside E&T or a workforce partnership. If the State agency chooses this option, the DHS case manager must consider granting the individual good cause from participation in the training program. If nothing is available, good cause is granted and the customer is later reassessed.

PROVIDER DETERMINATIONS

In accordance with 7 CFR 273.7(c)(18) a State agency must ensure that E&T providers are informed of their authority and responsibility to determine if an individual is ill-suited for a particular E&T component.

Describe the process used by E&T providers to communicate provider determinations to the State agency.

The Third-Party Partner, after completing a needs assessment, may complete a provider determination form and submit it to the LDSS if their program is not a good fit for the customer. The Partner may complete a provider determination after the participant has been placed in components but is not a good fit. The Partner will send an email to the LDSS point of contact for the customer to be reassessed.

Describe how the State agency notifies clients of a provider determination.

If a customer is not a good fit for a specific SNAP E&T program and the provider has submitted a provider determination letter, SNAP eligibility staff will schedule a meeting with the customer within 5 days of receiving the provider determination to inform the customer and explore other programs that may be better suitable through the following steps:

1. Refer the individual to an appropriate E&T component. The DHS case manager may refer the individual to another E&T component; however, as a best practice, the DHS case manager is encouraged to consider if an individual who has already received a provider determination is a good candidate for E&T, or if the fourth option below would be a better fit.
2. Re-assess the individual's mental and physical fitness. If the individual is not determined mentally or physically fit, then the individual must be exempted from employment and training participation. The DHS case manager may also re-assess the individual for other exemptions from the individual work requirements, or the ABAWD work requirement, as applicable.
3. Refer the individual to an appropriate workforce partnership, if applicable. If the LDSS has certified one or more workforce partnerships, the DHS case manager may refer an individual to a workforce partnership at the option of the individual. The State agency must provide individuals with sufficient information about workforce partnerships to make an informed decision about participating.
4. Coordinate with other Federal, State or local workforce or assistance programs to identify work opportunities or assistance for the individual. The DHS case manager may decide that an individual with a provider determination would be better served by a program outside E&T or a workforce partnership. If the State agency chooses this option, the DHS case manager must consider granting the individual good cause from participation in the training program.

What is the timeframe for contacting clients after receiving a provider determination?

- ☐ 1-3 Days
- ☒ 4-7 Days
- ☐ 8-10 Days

DISQUALIFICATION POLICY FOR GENERAL WORK REQUIREMENTS

This section applies to the General Work Requirements, not just to E&T, and should be completed by all States, regardless of whether they operate a mandatory or voluntary E&T program.

All work registrants are subject to SNAP work requirements at 7 CFR 273.7(a). A nonexempt individual who refuses or fails to comply without good cause, as defined at 7 CFR 273.7(2), (3), and (4), with SNAP work requirements will be disqualified and subject to State disqualification periods. Noncompliance with SNAP work requirements includes voluntarily quitting a job or reducing work hours below 30 hours a month, and failing to comply with SNAP E&T (if assigned by the State agency).

What period before application does the State agency use to determine voluntary quit and/or reduction in work effort without good cause per 7 CFR 273.7(j)(1)?

☒ 30 Days

☐ 60 Days

For all occurrences of non-compliance discussed below, must the individual also comply to receive benefits again?

☒ Yes

☐ No

For the first occurrence of non-compliance per 7 CFR 273.7(f)(2), the individual will be disqualified until the later of:

☒ One month or until the individual complies, as determined by the State agency

☐ Up to 3 months

For the second occurrence of non-compliance per 7 CFR 273.7(f)(2)(ii), the individual will be disqualified until the later of:

☒ Three months or until the individual complies, as determined by the State agency

☐ Up to 6 months

For the third or subsequent occurrence per 7 CFR 273.7(f)(2)(iii), the individual will be disqualified until the later of:

- ☒ 6 months or until the individual complies, as determined by the State agency
- ☐ A date determined by the State agency
- ☐ Permanently

The State agency will disqualify the:

- ☒ Individual
- ☐ The entire household if the head of household is an ineligible individual

PARTICIPANT REIMBURSEMENTS

In accordance with 7 CFR 273.7(d)(4), State agencies are required to pay for or reimburse participants for expenses that are reasonable, necessary, and directly related to participation in E&T. State agencies may impose a maximum limit for reimbursement payments. If a State agency serves mandatory E&T participants, it must meet all costs associated with mandatory participation. If an individual's expenses exceed those reimbursements available by the State agency, the individual must be placed into a suitable component or must be exempted from mandatory E&T.

PARTICIPANT REIMBURSEMENT DETAILS

Complete the table below with information on each participant reimbursement offered/permitted by the State agency (do not indicate information for each provider). A description of each category is included below. If the participant reimbursement is provided by multiple entities (such as State agencies and E&T providers) or has multiple methods of payment, a separate entry in the table must be completed.

- **Allowable Participant Reimbursements.** Every State agency must include child care and transportation in this table, as well as other major categories of reimbursements (examples of categories include, but are not limited to: tools, test fees, books, uniforms, license fees, electronic devices, etc.). Mandatory States must meet all costs associated with participating in an E&T program, or else they must exempt individuals from E&T.
- **Participant Reimbursement Caps (optional).** States have the option to establish maximum levels (caps) for reimbursements available to individuals. Indicate any caps on the amount the State agency will provide for the participant reimbursement.
- **Who provides the participant reimbursements?** Indicate if the participant reimbursement is provided by the State agency, a provider, or an intermediary. The State agency remains ultimately responsible for ensuring individuals receive participant reimbursements, even if it has contracted with another entity to provide them.
- **What is the payment method for Participant Reimbursements?** Indicate the mechanism used to disburse payment to E&T participants.
- **Method of disbursement.** Indicate if the participant receives the participant reimbursement in advance or as a reimbursement. Also indicate if the amount of the participant reimbursement is an estimated amount or the actual amount.

If dependent care agencies have a waiting list or otherwise cap the number of enrolled dependents, how will the State agency ensure E&T participants with dependent care needs receive dependent care?

Through ongoing case management, third-Party partners will work with the customer to identify alternative childcare options if childcare agencies have a waiting list.

How does the State agency ensure that the participant has the necessary participant reimbursements to begin participation in the E&T program?

Third-Party Partners will evaluate the frequency and level of need and will provide participant reimbursements available through their program. If the provider does not offer the support that the participant needs, they will refer to outside resources to meet the participants needs. The LDSS will work with Community Based Organizations or use County Funds to aid the participants. The LDSS will partner with local churches and other CBOs to provide interview clothing, child care (if needed), transportation assistance at no cost to the LDSS or the participant. The LDSS will not be requesting Participant Reimbursement for these services.

WORK REGISTRANT DATA

The SNAP general work requirements are described at 7 CFR 273.7(a). Individuals who do not meet a federal exemption from the general work requirements, as listed in 7 CFR 273.7(b)(1), are subject to the general work requirement and must register for work. In accordance with 7 CFR 273.7(c)(10), the State agency must submit to FNS the number of work registrants in the State as of October 1st. This information is submitted on the first quarter E&T Program Activity Report (FNS-583).

Describe the process the State agency uses to count all work registrants in the State as of the first day of the new fiscal year (October 1).

DHS determines work registration requirements at SNAP certification or recertification. This data is collected on an ongoing basis as part of the eligibility process. A recipient's work registration exemption status must be redetermined at least annually and must be coded on the E&E system. The number of work registrants is the count of all SNAP recipients without exemptions that are registered for work. The E&E system transmits the work registrant's data over into WORKS through an overnight batch process which is reflected on the FNS-583 report. The data for this report is captured through Sept 30 and is pulled on October 1 after the batch is processed.

Provide information about how work registrant data is pulled from the eligibility system, including the date the data is pulled.

The E&E system automatically captures and transmits the work registrant's data over into WORKS through an overnight batch process. The E&E System and WORKS are housed on the MD THINK platform. Collaboratively, when a SNAP case is finalized, the interface between both systems generates the data which is reflected on the FNS-583 report.

How are work registrants identified in the eligibility system?

The State's E&E system codes the SNAP customers the meet "Work Registrant" criteria in the system logic. Once the application is completed, the system will label the SNAP recipient as Work Registrant.

Describe measures taken to prevent duplicate counting of work registrants within the federal fiscal year.

The State's report of work registrants is computer generated. The State is able to prevent duplication by assigning each registrant a unique identifier. Work registrants are captured in E&E and transmitted to WORKS. At the time of registration, the registrant is assigned a unique identifier that remains in place for 12 months that prevents duplicative counting; this data does not cross fiscal years.

NON-EDUCATION, NON-WORK COMPONENT: SUPERVISED JOB SEARCH

Provide a summary of the State guidelines implementing supervised job search.

Maryland guidelines for Supervised Job search are: Staff must assist customers with job search inquiries. The customer must make a minimum of 12 contacts with employers per month for two months. This component is supervised and tracked by staff or a certified facilitator with the goal of gaining employment and the searches must be targeted and mindful of the customer's skillset. The locations of the supervised job search were chosen based on the partners that are providing the service as well as the LDSS that are offering in-house SNAP E&T programs. Each of the partners and LDSS has provided a plan for the supervised job search and a description and required specification of the component is outlined in our proposal submission guidelines. The criteria for participation is determined by case managers (LDSS or SNAP E&T Third-Party Partners) through the completion of an assessment which may include the following measures: Literacy Level; Communication Skills (including English proficiency); Education Level; Employment History; Employment Related Skills; Abilities and Interests; and Employment Barriers and Steps Necessary to Overcome Barriers; and the creation of an Individual Employment Plan (IEP). The assessment will determine the SNAP recipients skill level; the SNAP recipient does not need to have a resume prior to participating in this component.

Describe the direct path to employment.

Employment searches must be targeted and mindful of the customer's skillset. The searches must also account for any potential barriers to gaining/maintaining employment.

NON-EDUCATION, NON-WORK COMPONENT: WORKFARE

Description of the component. Provide a summary of the activities and services.

This component offers work experience in the public sector to program participants, targeted to those who lack work experience or recent work experience. Upon initial assessment by the LDSS, participants are placed in public service entities, institutes of higher learning, Community Based Organizations (CBO) and Faith Based Organizations (FBO). Upon successful completion of the workfare assignment, skills obtained by the participant may lead to employment. When developing Workfare sites, the Third Party Partner must ensure that Workfare assignments provide the same benefits and working conditions provided to regular employees performing comparable hours.

The participants in this component have limitations in the number of hours that they can participate. The work experience must not exceed the value of the monthly allotment divided by the higher of the applicable State or Federal minimum wage.

WORK EXPERIENCE COMPONENT: ON-THE-JOB TRAINING

Description of the component. Provide a summary of the activities and services.

Third Party Partners will assign a customer to a work placement made through a contract with an employer or a registered apprenticeship program sponsor in the public, private non-profit, or private sector. The contract must be limited to the period of time required for a participant to become proficient in the occupation for which the training is being provided with the goal of that program hiring that customer. This contacted assignment cannot replace regular staff at that program. Through the on-the-job training component a work placement is made through a contract with an employer or a registered apprenticeship program sponsor in the public, private non-profit, or private sector. An OJT contract must be limited to the period of time required for a participant to become proficient in the occupation for which the training is being provided. In determining the appropriate length of the contract consideration should be given to the skills requirements of the occupation, the academic and occupational skill level of the participant, prior work experience, and the participant's individual employment plan. The work experience benefits participants by elevating their technical skills through on-site application that better prepares them for the industry, and benefits employers who are seeking workers with relevant work experience

The employers (if outsourced) will be involved in the execution of the training elements, will give feedback to the participants and program, will assist in removing barriers towards regular, unsubsidized employment. The Vendors will seek out employers with the goal to hire the participant and will provide participant reimbursement for reasonable/allowable expenses. The employer sites will also

The State will offer OJT in culinary arts offered by The LightHouse and in HVAC and Solar Infrastructure services offered by Civic Works.

OPERATING BUDGET

The regulations at 7 CFR 273.7(c)(6) outline State agencies must include an operating budget for the year. Complete all cost categories, as applicable. Note that the cost categories, outside of the contractual or county administered program line items, apply only to the State agency costs. The calculated values will automatically display upon selecting the Quick Save button.

Direct Program and Admin Costs

	Non-Federal Share	Federal Share	Total
Salary/Wages (State agency only)	\$0.00	\$0.00	\$0.00

List Full Time Equivalent (FTE) staff positions, percentage of time spent on the project, and average annual salary of each position. Example: E&T Manager - \$60,000 * .50 FTE = \$30,000; 5 E&T Counselors = \$25,000 * 1.00 FTEs * 5 = \$125,000.

FUNDING SOURCES

Fields for the Funding Sources section will populate from other sections, such as the Operating Budget section or annual allocations decided by FNS OET.

The system will provide the States 100 percent allocation as well as the target for the total 50/50 funds, as provided in the annual E&T final allocation memo.

State agencies may enter funds into the field "100 Percent Federal Grant - Additional Funds" for planning purposes. This field must be blank before initial submission. State agencies that wish to request additional 100% funds can do so via the Funding Requests tab. If the request is approved, State agencies will see the approved amount populated in this field, and a new State Plan Amendment must be submitted.

The system utilizes a formula that distributes administrative costs to the various funding sources (i.e. 100 percent Federal, 50 percent Federal Admin and 50 percent Non-Federal Admin.) The formula also establishes a funding hierarchy for the use of all available 100 percent Federal funds. This funding hierarchy will assign the planned administrative expenses against the regular 100 Federal grant first, then depending upon availability, against additional 100 percent funds, able-bodied adults without dependents (ABAWD) pledge funds, if applicable. Any planned costs over the available 100 percent funds will be evenly distributed against the 50 percent Admin funds.

The planned expenses shown for the field "100% Federal Grant" will be inclusive of the formula allocation, as well as any additional Federal funds approved. Fields in the column "Distribution of Planned Expenses" are populated from the planned expenses table. States can use this table to extrapolate figures, but cannot submit the form until 100% of Federal additional funds under the "Allocation or Target" column has been removed.

PLEDGE TO SERVE ALL ABAWDS

The Act authorizes FNS to allocate \$20 million annually to State agencies that commit, or pledge, to ensuring the availability of education, training, or workfare opportunities that permit able-bodied adults without dependents (ABAWDs) to remain eligible beyond the 3-month time limit.

To be eligible for these additional funds (pledge funds), State agencies must pledge to offer and provide an opportunity in a work program that meets the participation requirements of 7 CFR 273.24 to every applicant and recipient who is in the last month of the 3-month time limit and not otherwise exempt. Individuals are exempt from the time limit if they meet an exception under 7 CFR 273.24(c), reside in an area covered by a waiver in accordance with 7 CFR 273.24(f), or who are exempted by the State under 7 CFR 273.24(g).

Is the State agency pledging to offer qualifying activities to all ABAWDs subject to the criteria under 7 CFR 273.7(d)(3)(i)?
